2 DANGEROUS FIRES CHECKED OVER WEEKEND

Quick action by persons first on the scene kept damage at a minimum in two fires extinguished by the Gettysburg Fire Department over the weekend.

The firemen were called Saturday about 8 o'clock when a joist in the Warner Hospital caught fire from an incinerator flue. The other call was at 7:30 o'clock Sunday morning when an automobile broke off a gasoline pump at Stuckey's Shoppe, along the Emmitsburg Rd., near the Peach Orchard.

An employee at the Warner Hospital smelled smoke and called the engine house for a check Saturday night. Assistant Fire Chiefs Donald Staub and Francis Linn, and fireman C. William Zhen, who happened to be at the engine house at the time, went to the hospital. They traced the odor, and warmth of the wall and found a joist, hidden under the dispensary, ablaze, apparently ignited by the heat from a flue leading from an incinerator in the basement. They used a garden hose to combat the blaze and had it nearly under control by the time the remainder of the department could be summoned.

Building New Incinerator

The fire was reported as probably the last such blaze likely to occur at the hospital. A new incinerator some distance from the building is being constructed and will be in use starting in about a week.

Sunday morning at 7:30 o'clock the quick action of C. M. Weatherman, an employee at the Stuckey Shoppe, prevented possibly an even more dangerous fire.

Clarence M. Bender, Washington, D. C., drove into the parking lot at Stuckey's and then walked to the door of the establishment to determine whether it was open. Weatherman met Bender at the door and agreed to provide gasoline. He had been on duty about a half hour at that time. Bender called to a woman in the car, asking her to drive the auto to the pump.

When she engaged the clutch the car leaped forward, struck and broke off the gasoline pump. The car continued on, left the parking lot, and came to a halt on the battlefield avenue at the Peach Orchard.

Weatherman, seeing fire flying from the broken gasoline pump, secured a fire extinguisher and played it on the blaze. Firemen arrived as the extinguisher ran empty. The blaze was quickly put out.

Damage to the Bender car was slight. Bender, who is crippled, has a special device on his car to permit him to operate it. Weatherman said, and the other driver apparently did not know how to operate the special device.

Lions Cut Menu To Aid Refugees

Gettysburg Lions were warned to come to their weekly "dinner" meeting at the Shelter House with their belts tightened.

The club's board of directors decided last Monday night that for this evening the members will be served a "watered down" menu of a sandwich, a bowl of soup and a beverage as their meal.

That menu will cost the club treasury 60 cents per member and the balance of the \$125 the club usually pays for its weekly dinner will go to a fund to help relieve suffering in Hungary.

A letter was read to the Lions last Monday from Lions in Austria asking help to care for Hungarian refugees.

Next Monday looks brighter for the local Lions. They will stage their annual Christmas party for their sons and daughters.

DAMAGE SUIT IS STARTED IN SCHULTZ DEATH

Clarence E. Schultz, 620 Fairview Ave., Saturday, as administrator of the estate of Donald L. Schultz, late of Gettysburg, filed an action in trespass with the Adams County court against Harold H. Heiges, 127 Buford Ave., and The Gettysburg National Bank as administrator of the estate of John G. Miller, deceased.

Attorney S. M. Raffensperger, representing Schultz, said today a petition will be filed with the court within the next few days asking that a date be set for a hearing on a proposed settlement.

The action is based on an auto accident at 2:15 a.m. on December 22, 1955, when Heiges was driving west on the Lincoln Highway eight-tenths of a mile east of Gettysburg.

Donald Schultz, then 24, and a member of the U. S. Navy was a passenger in Heiges car.

Negligence Alleged
The Heiges car struck the left rear wheel of a truck-tractor being towed off the road at the Miller Trucking Co. lot. Heiges' car overturned and Schultz was fatally injured.

The trespass action alleges negligence against Heiges for failing to have his car under such control as to have avoided a collision with the Miller truck-tractor.

It alleges negligence against the Gettysburg National Bank as administrator of the estate of the late John G. Miller because employees of the Miller estate were operating a dump truck and the tractor, being pulled off the road by the dump truck, holding that the employees did not give "adequate warning" of the vehicle being slowly removed from the road. The tractor was being operated by Merlin Miller and the dump truck by Donald E. Resser.

In the petition filed Saturday, \$5,000 is sought by the parents, Clarence E. and May Schultz, alleging loss of support from the son and \$2,000 for the estate.

SCHOOLGIRL IS BADLY INJURED WHEN HIT BY CAR

Freda Dehoff, seven-year-old daughter of Mr. and Mrs. Dagen Dehoff, Littlestown R. 2, was in a serious condition at the Warner Hospital this afternoon after having been struck by a car near her home this morning.

The hospital reported that among other injuries suffered by the girl was a fractured skull.

State police said Herman J. Sell, 27, 12 W. King St., Littlestown, a student teacher at Westminster, was driving south on the Littlestown-Westminster Rd. about 8 o'clock this morning when the child darted across the road from the east side, toward the west, in front of her home. The youngster was struck by the front end of the car.

Police said she apparently was crossing the road to be on the proper side to be picked by the school bus which was approaching at that moment. The Littlestown ambulance was summoned to bring the youngster to the hospital. Police are continuing their investigation.

Four-Year-Old Girl Smothers In Electric Dryer Saturday

The curiosity of a four-year-old child led to her death by suffocation Saturday afternoon at 4:30 o'clock at her home near East Berlin. Dr. C. G. Crist, Adams County coroner, said the youngster, Candy Lee Hess, daughter of Mr. and Mrs. W. Archer Hess, East Berlin R. 2, died when she crawled into a clothes dryer in an outbuilding adjoining her home and succeeded in pulling the door to the dryer shut behind her.

The county coroner attributed the death to mechanical suffocation and said the child was also badly cut and bruised about the legs as the dryer began its operation and apparently tumbled the child about as if she had been laundry placed in the machine. The coroner said the dryer, which had been a recent gift to the family from a grandparent, was of a type that begins to function automatically when the door is closed.

Parents Were Away

Death came within five minutes after the child crawled into the dryer and closed its door, Dr. Crist estimated. The child could not open the door from the inside once it had latched and the interior of the machine began moving.

Barbara Ann opened the door to the machine, halting it, and then unable to extricate her sister, went to the home of a neighbor, Mrs. Paul Starner, a registered nurse, and sought her help.

Mrs. Starner removed the child and called Dr. William Flickinger, York Springs, who directed immediate removal to the Hanover Hospital, despite belief that the child was dead on removal from the machine. At the hospital the death was confirmed.

The child had attended the Morning Hour school near her home (Continued On Page 3)

Red Puppet Places Hungary Under Severe Martial Law

By LYNN HEINZERLING
VIENNA (AP)—Hungary's puppet regime has begun a stern new campaign to wipe out the last vestiges of opposition to Moscow rule.

Proclaiming martial law, the Soviet-controlled government dissolved the major workers' councils that have tried to negotiate for Hungarian freedom.

Premier Janos Kadar ordered summary military trial for persons suspected of murder, manslaughter, arson and robbery, looting, damage to public plants and utilities and all attempts at these crimes, and illegal possession of arms, ammunition and explosives. The penalty is death.

The decision to use force, if necessary, to crush the passive resistance of the Hungarian people came just five weeks after 200,000 Soviet troops struck with similar suddenness to crush the military phase of the country's rebellion.

Swift Retaliation

Though probably long planned, the action came as if in swift retaliation for the calling of a general strike by the Budapest Central Workers' Council, which has been trying without success to negotiate with Kadar for the aims of the rebellion.

The council's notices ordering a nationwide strike in protest of arrests of workers leaders were to have been posted in factories at 8 a.m. yesterday.

At 8:30 the government cut telephone communications with the outside world. The same blackout was imposed on the other Sunday five weeks ago when Red army tanks and artillery launched their all-out attack to smash the Hungarian rebellion that began Oct. 23.

Huge Airliner With 62 Aboard Vanishes In Raging Windstorm

VANCOUVER, B. C. (AP)—A Trans-Canada Air Lines plane carrying 62 persons vanished during a violent windstorm over mountainous south central British Columbia last night and was believed to have crashed.

Potentially it was the worst commercial aviation disaster in Canadian history.

Although Trans-Canada still listed the four-engined North Star as only "overdue," the airline's public relations director here, Al Carlson, said there was "absolutely no hope" the plane was still in the air.

According to the Royal Canadian Air Force, which planned to send "every available plane" into a massive search for the missing aircraft at dawn, the North Star would have exhausted its fuel supply at 1 a.m., PST.

In addition to the aerial search, a ground party was set to start out from Chilliwack, 65 miles east of Vancouver.

Four RCAF planes crisscrossed the North Star's route during the night without sighting a trace of the missing plane.

The airline listed the plane as "overdue" at 11:15 p.m.

It carried 59 passengers and 3 crew.

The worst commercial air disaster in Canada occurred on April 8, 1954, when an RCAF training plane crashed into a TCA airliner (Continued on Page 3)

DOZING DRIVER IS BLAMED FOR \$950 ACCIDENT

Cars and trucks figured in two accidents over the weekend.

State police said damage totaled \$950 and two persons received slight injuries when a car traveling east on the Lincoln Highway seven miles west of here Sunday afternoon at 2:50 o'clock crossed into the westbound lane and struck a truck.

The officers said they will lay a reckless driving charge before Justice of the Peace Warren T. Dunn, Cashown, against Donald V. Kessler, 25, 417 Baltimore St., as a result of the crash. Kessler was driving downhill when his car crossed the center line and struck the rear of a westbound truck Roorkback, 26, Indiana R. 2, Pa., according to the police report.

Damage was estimated at \$800 to the car and \$150 to the truck, operated by James Frederick Kessler. Police said Kessler apparently dozed at the wheel. His wife, Mrs. Marian L. Kessler and daughter Donna, five, were treated by a family physician for bruises and cuts received when they were thrown from the car by its impact with the truck.

The other crash occurred at 4:10 o'clock Saturday afternoon three miles west of Fairfield on the Iron Springs Rd. Police said Howard F. Wilson, 28, Red Lion, was driving a truck west and Purcell G. Bohrer, 50, Biglerville, was traveling east in a car, when the two vehicles sideswiped, causing \$75 damage to the car and \$50 to the truck. A charge of failing to yield half the highway will be brought against Wilson before Justice of the Peace Roy Metz, Hamiltonburg Twp.

NATIONAL AUTO SHOW FOR 1957 OPENING TODAY

NEW YORK (AP) — In a setting as modern and glamorous as its newest product, the nation's auto industry opens its 1957 National Auto Show today.

Scene for the \$11.2 million dollar industrial extravaganza is New York's new Coliseum on Columbus Circle. For all practical purposes the show opened last night as thousands of persons roamed over three floors to inspect the last word in passenger cars and trucks and scores of cutaway displays of engineering components like fuel injection systems, high compression engines, braking systems and multiple barrel carburetor assemblies.

It was an invitational preview for the press, industry representatives generally and their friends. The main show runs through the next nine days.

There are 125 passenger cars on the second and third floors of

the Coliseum. On the first floor are approximately 70 trucks and coaches. Counting in the huge rounded stage, from which a top musical revue will be presented six times daily, the presentation takes up 300,000 square feet of exhibition space. Adding to the glamor at each display are some of New York's most attractive young women models.

Theoretically the show is restricted to what the industry knows as "production" model cars, cars that actually may be purchased in the market places. But several cars on display will not reach the production lines before next spring; some are so lavishly finished and upholstered that there appears some doubt that they could be obtained on anything but a "built-to-order" basis.

Early visitors displayed special interest in the Cadillac "Director." It is equipped with a rear facing seat to the right of the driver, for the busy executive's secretary. Equipment includes a typewriter that folds into a center partition, a telephone, letter filing equipment and a small screen upon which news bulletins and stock market quotations may be flashed.

DULLES FLYING TO PARIS TODAY FOR NEW TALKS

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Secretary of State Dulles flies to Paris today with the evident intention of assuring Western European leaders that the United States will do everything possible to help them surmount their current financial crisis.

How much help can be given will depend largely on Congress, both branches of which are making intensive new studies of the foreign aid concept.

The formal purpose of Dulles' trip is to attend a meeting of the North Atlantic Treaty Organization council.

The council is scheduled to review the over-all Allied defense program against Soviet might and also to consider ways of increasing the cooperation of the NATO powers on international political issues.

An additional major concern of Dulles and other foreign ministers attending the session will be to try to restore Allied unity and closer working relationships among the United States, Britain and France. The unity was shattered by their disagreement over the British-French attack on Egypt.

Attending the meeting along Dulles, but traveling separately, will be Secretary of Defense Wilson and Secretary of the Treasury Humphrey.

His First Mission
The trip will be Dulles' first diplomatic mission since he underwent a successful cancer operation early last month.

Dulles is described by associates as feeling it is of the utmost importance to rebuild solidarity of the Western alliance and restore to oil-short Europe the economic strength which is necessary to provide a sound basis for military strength.

For this reason he believes it is important that the United States help its European allies both to solve their economic problems and to carry the burden of armament which is their responsibility in the NATO system.

So far there has been no discussion of the U. S. aid problem with congressional leaders, but leaders probably will be called into White House conferences Dec. 31 and Jan. 1, for a review of the problem and administration thinking about the solution.

Defense Command Post Is Shifted

WASHINGTON (AP) — The present Northeast Air Command, being dissolved after Jan. 1, will operate thereafter under the Air Defense Command and the Strategic Air Command.

The big command covers eastern and northeastern Canada and Greenland. The Defense Department announced last July that it was to be abolished, and disclosed today details of future operations of its facilities.

The department said that "this change is a part of the Defense Department's effort to simplify and strengthen its entire defense structure by orderly and economical realignment of assigned defense tasks." Shifts in command include bringing the Far East Air Force headquarters back to Hawaii.

U. S., Russia Plan Polar Mapping Work

WASHINGTON (AP) — The United States and Russia will conduct separate aerial photo-mapping operations in their sectors of the north polar region next year.

The Soviets yesterday turned down an American proposal for a joint project which originally was suggested by Soviet scientists.

The joint project had been proposed as part of the International Geophysical Year, a worldwide scientific research effort aimed at finding out more about the earth and the air around it.

At present the United States is providing military assistance but no economic aid to the European allies.

The idea of expanding aid to Europe under the circumstances may get some support from a report of the House Foreign Affairs Committee.

In its present highly tentative form, the report is understood to emphasize the importance of the Atlantic alliance as a deterrent to any warlike moves by Soviet Russia.

Sources close to the committee, who asked not to be quoted by name, said they feel certain a request for large scale economic aid in Europe would set off a full-fledged congressional debate on the administration's conduct of foreign policy.

KE'S PROGRAM FOR REFUGEES LAUNCHED TODAY

By CARL HARTMAN
VIENNA, Austria (AP) — President Eisenhower's crash program for getting 15,000 more Hungarian refugees into the United States started today.

The first applicants for "parolees" were asked to fill out a simple new form of only two short pages. It did not ask about Communist affiliation.

Retired Gen. Joseph M. Swing, U. S. commissioner of immigration, is due in Vienna tomorrow to watch the program get rolling. Today's applications were taken at Salzburg, where the United States has a consulate. In Vienna the job will start Monday.

as many "parolees" as it likes. They do not have the legal right to stay in the United States, but they are unlikely to be deported unless some serious cause appears. The President has promised to ask for special legislation to give them permanent status.

Regular immigration laws allow for only 865 Hungarians a year. Under a special law passed to help those who escape from Iron Curtain countries, the administration has issued 6,500 regular visas in addition.

The 15,000 will enter under a little known provision of the 1954 immigration law — the MacCarran-Walter Act — now being used for the first time.

48-Hour "Processing"
Gen. Swing's representatives in Vienna said he hoped the "processing" on this side of the Atlantic would take only 48 hours.

The 2,300 Hungarians who have gone to the United States in the past few weeks have been moved by chartered planes of the Inter-governmental Committee for European Migration. By the middle of next week, this will be supplemented by a U. S. military airlift and then by military sea transport.

Some 2,300 more Hungarians came across the border last night. Many are still lodged in makeshift camps, schoolrooms, dance halls and other public places. There are still over 71,000 refugees in Austria.

FBI Arrests Man In Philadelphia Robbery
PATERSON, N.J. (AP) — Sheldon Phillips, 28, of Paterson, was arrested yesterday by FBI agents to face charges that he robbed a man of \$30 in Philadelphia last March.

The FBI said Phillips failed to appear for trial in Philadelphia May 31 and a warrant was issued for his arrest.

He is to be arraigned in Rutherford before U. S. Commissioner Theodore Kiscaras.

William Holden Is King Of Movies

HOLLYWOOD (AP) — William Holden is the movies' new king of the box office, one of the rare times that an actor of his sort has won the coveted award.

Holden started his climb into the select box office list two years ago when he won the Oscar for his performance of the heel war prisoner in "Salvag 17." The 38-year-old veteran of 17 years in the movies placed seventh in 1954 and fourth last year.

The rest of this year's list, based on a poll of theater men, included some familiar winners and four new ones. The runners-up follow, in this order: John Wayne, James Stewart, Burt Lancaster, Glenn Ford, Martin and Lewis, Gary Cooper, Marilyn Monroe, Kim Novak and Frank Sinatra.

It's the first time for Lancaster, Ford, Miss Novak and Sinatra.

U. S. Surplus 130 Million Under Guess

WASHINGTON (AP) — For the record, the United States ended the fiscal year last June 30 with a surplus of \$1,625,553,403.69.

The Treasury Department announced the final figure yesterday, after taking into account belated reports of receipts and expenditures. The total was nearly 130 million dollars below that estimated last July, when the figure was put at \$1,754,000,000.

Both receipts and expenditures exceeded the earlier estimates, the greater increase.

The actor, Malcolm Beggs, was found lying on the floor of his 16th floor room in the La Salle Towers. He had been bound with a necktie and beaten with whisky bottles, police said.

The detectives said they had gone to the hotel room to answer a disturbance call. When they failed to gain entrance, one of them, Frank Cerone, attempted to crawl through a window. Then the youths opened the door for them.

The teen-agers were identified as Robert Mitchell of St. Louis and Haskell Keliems of Evansville, Ind.

"SUMMING UP FRIENDSHIP"

How do I sum up true friendship . . . read these lines and you will know . . . my conception of the treasure . . . that can cause the heart to glow . . . friendship is akin to heaven . . . for its essence is real love . . . so I place it with the good things . . . dwelling close to God above . . . it is something we can't purchase . . . gold can never buy its worth . . . yes, it is indeed quite priceless . . . for it fits the world with mirth . . . tenderness and understanding . . . tend to fashion friendship pure . . . qualities like these I'm certain . . . will help mankind to endure . . . brotherhood must prevail also . . . good will makes a friendship strong . . . giving meaning to a motive . . . that is far from being wrong . . . so it is I value friendship . . . with the things that make it true . . . it's a source of peace and comfort . . . as I see it from my view.

total of \$150 and on July 13 that money was returned to him. In September Mr. Shields paid in an additional \$20 for which no explanation is given.

Payments by the committee to Mr. Shields, including the \$150 refund, total \$703.50.

The payments itemized to Shields include \$10 for expenses, \$10 for traveling, \$2 for postage, \$150 for the refund, \$2 for sample badges, two \$4 items for postage, \$10 for "repairs to booth," two items of \$10 each for transportation, two other items of \$10 each for "advertising," a \$100 payment listed as "miscellaneous," \$45 for "transportation," and a final payment on December 1 of \$26.50 for travel expenses. There also is a \$10 item to "Walter L. Shields" for "miscellaneous."

Transportation Expenses
More Republican money went for transportation than for any other single purpose and the account lists 209 items for that purpose. Not everyone got the same rate. Most were paid \$12.50; some got \$10 and one got as low as \$2.50 while many received \$7.50 for "transportation," presumably hauling voters on election day.

The total for transportation was \$2,535 the report shows. Only \$674.87 went for advertising while "checkers" and "watchers" were paid \$290 with the rate varying from \$7.50 to \$10 each.

Price Of York Paper Is Increased
Home delivery subscription rates of The York Gazette and Daily will be increased from 20 cents to 25 cents a week, effective Dec. 31.

At the same time the mail subscription rate for subscribers outside the York County area will be increased to \$12 per year from the present \$10 rate.

The increases are deemed necessary to offset rising production and delivery costs and to give monetary increases to the newspaper carrier boys.

STOCKS MOVE HIGHER

NEW YORK (AP)—Steels and motors had good turnover as the market moved higher in early active trading today.

Pivotal stocks gained fractions to a point or so. Some stepped beyond this range and there were a few losses.

Rising optimism by steel leaders for their industry in 1957, confident predictions for the auto industry next year and general optimism on the business outlook helped the market, broker said.

"Christmas in New York" is the theme of the Christmas decorations in front of the Phi Gamma Delta Fraternity house on the Gettysburg College campus. It was awarded second prize in the annual judging.

Huge Airliner

in flight over Moose Jaw, Sask., killing 37 persons.

Among the passengers which boarded TCA's flight 810 at Vancouver last night were four members of the Saskatchewan team of the Western Interprovincial Football Union who were here for Saturday's East-West Shrine game.

The missing aircraft, a Canadian version of the DC4, left Vancouver at 6 p.m. PST last night on a flight to eastern Canada but turned back at Hope, 125 miles east of here, when one engine failed.

At approximately 7 p.m. the pilot, Capt. Allan Clarke, 35, of Montreal, asked the Air Traffic Control Center here for permission to descend from 8,000 feet to a lower altitude.

That was the last radio contact with the plane, a tourist flight to Montreal with scheduled stops at Toronto.

Played At Indiana
The Saskatchewan players on the plane were Mel Becket, Gordy Sturridge, Mario DeMarco and Ray Synnryk. Sturridge was accompanied by his wife, Mildred.

Becket came to Saskatchewan from Indiana University. DeMarco played pro football with the Detroit Lions of the National Football League before moving to Canada.

The names of the other passengers aboard the plane were not released immediately by the airline.

Besides Clarke, the plane's crew consisted of stewardess Dorothy Bjornsson, 24, of Swan River, Man.; and First Officer John Boon, 26, of North Vancouver, B. C.

Give Cautious Views On '57 Business

WASHINGTON (AP)—Cautious predictions of a "moderately" better 1957 business year—and further price increases—emerged from a weekend meeting of National Trade Assn. executives here.

But a summarizing statement said, "Serious inflation is wholly improbable—unless the international situation deteriorates materially."

The appraisals were made at a business outlook forum, held by the U. S. Chamber of Commerce. The Chamber's chief economist, Dr. Emerson Schmidt, said the combined viewpoint is one of "mild, cautious optimism."

Almost all the speakers predicted further price increases and some foresaw softness in their own economic picture.

Traditional Number
As in other years Rev. Fr. Shaum included Dr. Henry Caspar Diehlman's "With Glory Lit The Midnight Air" in his program. Miss Kemp joined the club for this traditional Christmas selection at the Mount. The author was head of the music department almost a hundred years ago.

Miss Kemp, a native of Washington, D. C., portrayed the Blessed Virgin in a scene from Bethlehem during the singing of "Cantique de Noel" which she sang with the Mount chorus. A daughter of Dr. and Mrs. R. Joseph Kemp, Washington, Miss Kemp will study in New York next year. How do I sum up true friendship . . . read these lines and you will know . . . my conception of the treasure . . . that can cause the heart to glow . . . friendship is akin to heaven . . . for its essence is real love . . . so I place it with the good things . . . dwelling close to God above . . . it is something we can't purchase . . . gold can never buy its worth . . . yes, it is indeed quite priceless . . . for it fills the world with mirth . . . tenderness and understanding . . . tend to fashion friendship pure . . . qualities like these I'm certain . . . will help mankind to endure . . . brotherhood must prevail also . . . good will makes a friendship strong . . . giving meaning to a motive . . . that is far from being wrong . . . so it is I value friendship . . . with the things that make it true . . . it's a source of peace and comfort . . . as I see it from my view.

total of \$150 and on July 13 that money was returned to him. In September Mr. Shields paid in an additional \$20 for which no explanation is given.

Payments by the committee to Mr. Shields, including the \$150 refund, total \$703.50.

The payments itemized to Shields include \$10 for expenses, \$10 for traveling, \$2 for postage, \$150 for the refund, \$2 for sample badges, two \$4 items for postage, \$10 for "repairs to booth," two items of \$10 each for transportation, two other items of \$10 each for "advertising," a \$100 payment listed as "miscellaneous," \$45 for "transportation," and a final payment on December 1 of \$326.50 for travel expenses. There also is a \$10 item to "Walter L. Shields" for "miscellaneous."

Transportation Expenses
More Republican money went for transportation than for any other single purpose and the account lists 209 items for that purpose. Not everyone got the same rate. Most were paid \$12.50; some got \$10 and one got as low as \$2.50 while many received \$7.50 for "transportation," presumably hauling voters on election day.

The total for transportation was \$2,535 the report shows. Only \$674.87 went for advertising while "checkers" and "watchers" were paid \$290 with the rate varying from \$7.50 to \$10 each.

Price Of York Paper Is Increased

Home delivery subscription rates of The York Gazette and Daily will be increased from 20 cents to 25 cents a week, effective Dec. 31. At the same time the mail subscription rate for subscribers outside the York County area will be increased to \$12 per year from the present \$10 rate.

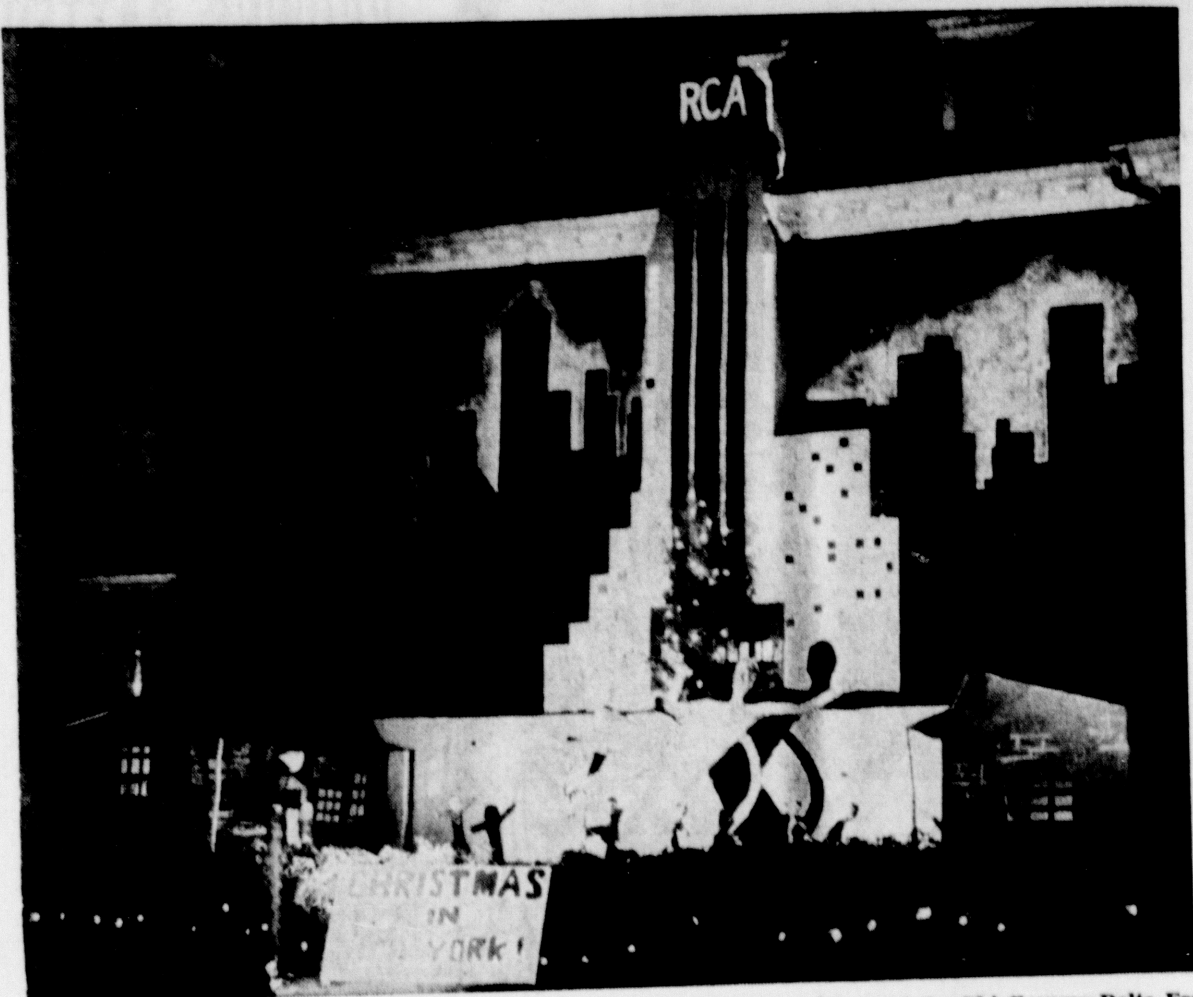

The increases are deemed necessary to offset rising production and delivery costs and to give monetary increases to the newspaper carrier boys.

STOCKS MOVE HIGHER

NEW YORK (AP)—Steels and motors had good turnover as the market moved higher in early active trading today.

Pivotal stocks gained fractions to a point or so. Some stepped beyond this range and there were a few losses.

Rising optimism by steel leaders for their industry in 1957, confident predictions for the auto industry next year and general optimism on the business outlook helped the market, broker said.

"Christmas in New York" is the theme of the Christmas decorations in front of the Phi Gamma Delta Fraternity house on the Gettysburg College campus. It was awarded second prize in the annual judging.

in flight over Moose Jaw, Sask., killing 37 persons.

Among the passengers which boarded TCA's flight 810 at Vancouver last night were four members of the Saskatchewan team of the Western Interprovincial Football Union who were here for Saturday's East-West Shrine game.

The missing aircraft, a Canadian version of the DC4, left Vancouver at 6 p.m. PST last night on a flight to eastern Canada but turned back at Hope, 125 miles east of here, when one engine failed.

At approximately 7 p.m. the pilot, Capt. Allan Clarke, 35, of Montreal, asked the Air Traffic Control Center here for permission to descend from 8,000 feet to a lower altitude.

That was the last radio contact with the plane, a tourist flight to Montreal with scheduled stops at Toronto.

Played At Indiana

The Saskatchewan players on the plane were Mel Becket, Gordy Sturridge, Mario DeMarco and Ray Snyrnk. Sturridge was accompanied by his wife, Mildred. Becket came to Saskatchewan from Indiana University. DeMarco played pro football with the Detroit Lions of the National Football League before moving to Canada.

The names of the other passengers aboard the plane were not released immediately by the airline.

Besides Clarke, the plane's crew consisted of stewardess Dorothy Bjornsson, 24, of Swan River, Man.; and First Officer John Boon, 26, of North Vancouver, B. C.

Give Cautious Views On '57 Business

WASHINGTON (AP)—Cautious predictions of a "moderately" better 1957 business year — and further price increases — emerged from a weekend meeting of National Trade Assn. executives here.

But a summarizing statement said, "Serious inflation is wholly improbable — unless the international situation deteriorates materially."

The appraisals were made at a business outlook forum held by the U. S. Chamber of Commerce. The Chamber's chief economist, Dr. Emerson Schmidt, said the combined viewpoint is one of "mild, cautious optimism."

Almost all the speakers predicted further price increases and some foresaw softness in their own economic picture.

ACTOR KILLED WITH BOTTLES

CHICAGO (U) — A 49-year-old actor was clubbed to death with whiskey bottles in his hotel room today.

Detectives said they seized his assailants, two 19-year-olds, before they could leave the room. The actor, Malcolm Beers, was found lying on the floor of his 16th floor room in the La Salle Towers. He had been bound with a necktie and beaten with whiskey bottles, police said.

The detectives said they had gone to the hotel room to answer a disturbance call when they failed to gain entrance, one of them, Frank Cernese, attempted to crawl through a window. Then the youths opened the door for them.

The teen-agers were identified as Robert Mitchell of St. Louis and Haskell Relkins of Evansville, Ind.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times ONE HUNDRED YEARS AGO

Gettysburg: The "Cosmopolitan Art Association" have made their announcement for the Third Year, which will be found in our advertising columns. The inducements to patronize this Association are very great, and commend it to the patronage of the public. D. McConaughy, Esq., is the Honorary Secretary for this county, and attends to the subscriptions.

An adjourned meeting of those who desire to contribute to the relief of settlers in Kansas is to be held at McConaughy's Hall this evening, at 6 1/2 o'clock.

Mr. Augustus Schwartz, of this place, has issued proposals for a newspaper in Littlestown, to be entitled "The Weekly Record," to be neutral in politics. He proposes commencing about the 1st of January, if sufficient encouragement is given. We wish him success; but from the frequent failures to sustain a paper there, we are fearful he will not find it a profitable concern.

On Friday night week two Germans, strangers, were crossing Monocacy Bridge, on the road leading from Creagerstown to Woodbury, and part of the flooring having been taken up for the purpose of repairing, one of them fell through the opening, a distance of 25 or 30 feet, and was instantly killed. What inexcusable carelessness on the part of those who left the bridge in this situation. They ought to be severely handled by the law!

Today's Talk

FACE IT
A friend of mine once said to me that first decisions were always best when something came up that had to be done, but which took courage and perhaps a little loss of personal pride. He told me that the easiest and most satisfactory plan was to face all emergencies as they came, so that there would be no "hangovers."

When something comes up that should be settled we all feel better if it can be done so at once. To face it then is far better than putting it off for a settlement later that might become serious. It's like this thing of debt. I like that saying: Pay as you go, or else don't go! What good does it do to put off something that should be settled at once?

Face it. Never allow fear to get you. Many a disease could have been cured if it had been taken in hand earlier. Many a destructive habit is allowed to go on until it becomes almost impossible to break. Face that habit — today! A habit is never so difficult to break as one imagines it to be. Break it, and then forget about it! Never allow worry to keep you from a decision that ought to be put into action. It might humiliate you to make a quick decision, and get a serious matter out of the way, and out from all memory of it, but it will bring peace of mind and relaxation that you may not have known for a long time. So, no matter what that decision may be, face it and be your real self again!

My own experience has been that it never pays to leave any problem half attended to. Face it and finish it is better and best. No matter how unpleasant a thing may be that comes up for personal settlement, by facing it in its entirety you clean it up for all time.

Tomorrow Mr. Adams will talk on the subject: "The Joy of Freedom."

Just Folks

CONTENTMENT
The poorest of reasons to marry is money.
Better make sure of the sweet title, "Honey."

No fate in this life upon earth can be worse
Than to empty the heart just to fill up the purse.

It's good to be wealthy. There isn't a doubt
Some things money buys we can do well without.
But a kiss at the door and the light of a smile,
Which the poor can enjoy, are so much more worth while.

The finest of fortunes worth earning are these:
The children at evening to climb on your knees,
A home and a garden, and rest when you're tired,
And rich is the toiler who these has acquired.

Contentment by money can never be bought.
There are needs of the soul which by love must be sought.
And rich is the man who, from cellar to dome,
Has love and contentment to gladden his home.

RED CONCEPTS TO BE TAUGHT IN SCHOOLS
PHILADELPHIA (AP)—The head of Pennsylvania's Public School Department says courses designed to show the dangers of Communist philosophy will be taught in the state's schools beginning next semester.
Dr. Charles E. Boehm, superintendent of public instruction, said in a weekend interview he already had assigned two men to sift material for the course.
Dr. Boehm said he decided to inaugurate the new study after the American Legion pledged its support. The Legion had until this year opposed teaching of such courses.
While teachers have been emphasizing the positive accomplishments stemming from the philosophy of democracy, Dr. Boehm said, they did not go into the basic faults of ideologies such as communism "for fear of being involved in controversy."
"High Levels"
The study of communism will be taught "at the highest levels"—in the 12th grade and in some cases in the 11th, the state superintendent said. While visual aids,

Santa and the SECRET ROOM

by LUCRECE HUDGINS BEALE

By LUCRECE HUDGINS BEALE
Synopsis: Santa took us in and heard our story about the strange king and the secret room. He said we must go and see for ourselves what the king did in that room.

CHAPTER SIX
WORK IN SANTA LAND
"Yes," said Santa. "We must go and have a look at this strange secret room of the king."
"Oh, dear," cried the princess. "Whoever has gone in that room with him has never come out."
"We'll go in when he isn't there," said Santa.

Calhoun McGillcuddy jumped up from the rug where he'd been curled in front of the fire. "This sounds dangerous. After all, I'm your errand elf. Send me in your place."

"Oh, no," said Santa. "You can't have all the fun. I like adventure, too, and this sounds like something I'd hate to miss."
McGillcuddy sighed and threw himself down again. But hardly had his head touched the rug when he popped up again and shook his finger under Santa's nose.

"You can't go! What about Christmas? Who's going to get the last toys finished and the sleigh loaded and all those things?"
"You and I are," boomed Santa. "And all the workers in Santa Land. We'll start in the morning and work through the day. By tomorrow midnight we'll have my bags loaded and be on our way."

"But it's not Christmas eve yet!" protested McGillcuddy.
"No matter," said Santa. "I'll have everything with me in case I decide to stay a few days with the king. Now, get to bed, one and all. And sleep tight because you don't know when you'll sleep again."

The princess didn't need Santa to tell her to sleep because during all the fuss she'd curled up on Santa's Wishing Pillow and was already having her second dream. I just snuggled down beside the princess and at once I was asleep, too.

The next thing I knew Santa was shaking us all. "Come on, time for work!"
Before Mrs. Claus would let us out of the house she made us all have cocoa and cinnamon buns. Then Santa led us to the toy shop where the Santa Land workers were hammering and sawing and sewing.

In the middle of the shop was a mountain of toys. My mouth fell open and I just stood there because I never knew there were such toys in the world.
There were little stoves with real turkeys in their tiny ovens. There were jumping skates meant to be bounced instead of rolled.
Santa said, "Alexander, you finish the tops and the princess can finish the dolls."

He gave the princess a pot of red paint and he gave me a pot of blue. Princess Anne put a rosy splash on the cheek of every doll and I put a blue zig-zag around every musical toy.

There we worked all the day until every doll and top was ready. Then we helped to load them into Santa's bags.
The elves carried the bag to Santa's sleigh and packed them in. Then they lifted the princess and me and packed us between the bags. Finally Santa climbed in and we were ready to go.

"Away, away," called Santa, cracking his whip over the eight reindeer. And away we went, singing and laughing into the sky.
But as we left Santa Land my happiness faded away. I wondered what was ahead of us in the secret room of the king.

Advisory School Group Meets Dec. 14

HARRISBURG (AP)—An advisory group that helped draft a plan to reorganize Pennsylvania's county school administration system will meet in Harrisburg Dec. 14.
The Department of Public Instruction said the committee will consider recommendations submitted by county and local administrators and citizens on proposals to replace the present county superintendent system—with one superintendent for each of the state's 67 counties—with not less than 37 regional super districts.

such as motion pictures, will be used, classroom discussion will be encouraged.
The course will last from one to two weeks as part of social studies curricula.
Dr. Boehm said also that he intended to encourage the teaching of the dangers of communism in American and Pennsylvania history courses—mandatory studies for students seeking teaching certificates.

Call On State
The Legion, at its state executive committee meeting in Reading, called on the state to teach the subject in public schools and colleges.
Last Thursday, Dr. Boehm said, he met in Harrisburg with Legion Commander Joseph Gavenonis, and was promised the Legion "would give its full and active support" to the teaching of any course depicting communism as it really exists.

CHAMBERLAIN HAS 91 POINTS IN TWO GAMES

By DON WEISS
The Associated Press
It looks as if those San Francisco Dons had better push that winning streak for all they're worth. Will the Sult and his Kansas company seem determined to establish a similar run through the college basketball world.

Wilt Chamberlain, probably one of the most sought after high school players in athletic annals, has been in two varsity games for the Jayhawks. And it becomes more and more evident why Phog Allen was so reluctant to accept mandatory retirement at Kansas.

In beating Northwestern 87-69 and Marquette 78-61, Chamberlain has scored 91 points and, just as important, has been getting points at a 3-1 ratio over his opposing center, indicating he has more than a passing knowledge of defense.

On Road This Week
The big sophomore will get his first road test this week. Coach Dick Hark takes the Jayhawks to the West Coast for games with the Washington Huskies Friday and Saturday and with California Dec. 18.

Elsewhere in college basketball, with few exceptions, the early weeks of the new season have indicated the old refrain of "next verse, same as the first."
The Dons, still winning but not with the ease when Bill Russell and K. C. Jones were around, spilled Seattle Saturday night 57-32 to run their all-time streak to 59.

Three In A Row
"Bama, a 103-88 victor over Eastern Kentucky Saturday, has topped the century mark in each of its three games, led by a sharpshooter named Jack Kubiszyn. Jack had 35 Saturday.

Kentucky made it three in a row, 73-58 over Temple, as did SMU, which defeated Minnesota 91-84. A 68-58 decision over Oklahoma at Norman made it two straight for Illinois, and North Carolina State is 3-0 with its 66-60 decision over Penn State.

It was left to a couple of Eastern teams to furnish the major eye-openers in the weekend program.
Seton Hall Loses
Niagara stopped a touted Seton Hall 83-63, and Canisius stopped Louisville's three-game streak 76-74.

Louisville, Iowa and Dayton are the only teams from last season's final top 10 to stumble so far.
Pennsylvania results:
North Carolina State 66, Penn State 60; Kentucky 73, Temple 58; Villanova 79, Delaware 59; Pitt 73, Northwestern 71; Navy 80, Penn 57; Susquehanna 79, Ursinus 48; Johns Hopkins 71, Swarthmore 56; Hartwick 84, Kings 81; St. Francis 87, Mt. St. Mary's 72; Philadelphia Textile 71, Haverford 65; Lehigh 63, Army 60; Bucknell 79, Gettysburg 61; Westminster 75, Waynesburg 48; Rochester 77, Washington and Jefferson 66; Lycoming 80, Rider 75; Albright 82, Dickinson 45; Bloomsburg 85, Kutztown 74.

Lehigh Swimmers Sink Bullets 76-9

The Gettysburg College swimming team absorbed one of its most crushing losses when it bowed 76-9 to Lehigh at Bethlehem Saturday afternoon in opening its season.
Lou Natale took second place in the diving while other Bullet points came automatically on third places. Jim Lentz's natators will be idle until January 5 when Franklin and Marshall will be met at Lancaster.

BROWNS BATTER GIANTS WHILE REDSKINS WIN

By JIM KENSIL
The Associated Press
This is one year—the only one in the last seven—that the Cleveland Browns won't have the final say-so about the championship of the National Football League's Eastern Conference, but yesterday they got in their two cents worth.

The six-time champions of the conference have been beaten and battered this 1956 season like never before. Yesterday however, they battered the New York Giants 24-7. Tommy O'Connell and Curly Morrison did most of the hacking.

Now the Giants have to win or tie their finale in Philadelphia Saturday to capture their first division championship in 10 years. If they lose, the Washington Redskins, 19-17 last-minute victors over the Eagles yesterday, could grab the prize with victories in both their remaining games.

Showdown Next Sunday
The Chicago Bears and Detroit Lions meet in the Western Conference showdown next Sunday at Beartown. This was set up when the Bears grabbed a desperate 10-3 victory over the rival Chicago Cardinals and held onto second place while the Lions were breathing easy in a 45-7 Briggs Stadium romp over Pittsburgh.

All other teams in both conferences are eliminated.
The Far West teams came through with triumphs in other weekend games. The Los Angeles Rams stopped the Baltimore Colts 31-7 and the San Francisco 49ers defeated Green Bay 38-20.

His 16th Field Goal
The Browns-Giant game ended before the tiffs in Chicago and Washington and since the Eagles led up until the last 25 seconds, it was thought that the Giants had backed into the pennant.

But Washington's kicking dynamo, Sam Baker, made sure the Browns' superb effort was not in vain. With 25 seconds on the clock and second down on the Eagle 21, he calmly kicked his 16th field goal of the season. The Redskins had rallied from a 10-3 first half deficit to 17-16 in the final quarter.

The Lions left reserves play the second half against the Steelers. Six Pittsburgh mistakes — three fumbles and three pass interceptions—in the first half ended up in Lion TDs. Yale Larry went 73 yards with a pass interception and Jack Christiansen 68 with a punt return.

Ashenfelter Wins 2nd AAU Crown

PHILADELPHIA (AP)—Horace Ashenfelter, recently returned from Australia and a futile attempt at defending his Olympic steeplechase title, yesterday won his second consecutive senior national AAU cross country championship.

Ashenfelter, an FBI agent from Newark, N.J., covered a 10,000 meter course in rain-swept Fairmount Park in the good time of 30 minutes and 8 seconds. Seventeen seconds behind him in second place was John Macy of the Houston Track and Field Club.

Ashenfelter, a former Penn State star, ran in the colors of the New York Athletic Club yesterday. The New York AC won the team championship with 46 points. The Chicago club was second with 46 and third place was won by the Penn AC A team, of Philadelphia, with 68 points.

BOB RUSH KEY TO NEW RASH OF TRADE RUMORS

CHICAGO (AP)—The Chicago Cubs, with ace righthander Bob Rush as the pawn, held the key to the tight National League trade market today as the baseball David Harums tried desperately to break the logjam that has developed at the major league meetings.

Three separate three-club trade possibilities developed last night but none was near completion early today as the American and National leagues prepared to go into separate executive sessions.
Proposal No. 1 would have sent Rush to Philadelphia for Richie Ashburn. The center fielder in turn would then be transferred to St. Louis for outfielder Wally Moon.

General Manager Frank Lane of the Cardinals turned thumbs down on this one at the last minute.
Proposal No. 2 involved outfielder — third baseman Frank Thomas of Pittsburgh along with Ashburn and Rush. In this deal the Pirates would get Rush, the Cubs Ashburn and the Phillies Thomas.

"We discussed the possibility of a three-way deal," acknowledged General Manager Roy Hamey of the Phillies, "but we couldn't see our way clear unless we could get an established center fielder in return."

Another Proposal
The third proposal involved Brooklyn along with Chicago and St. Louis. Vice President E. J. (Buzze) Bava of the Dodgers made a tentative offer of former Cub third baseman Randy Jackson, catcher Al (Rube) Walker and center fielder Gino Cimoli to the Cubs for Rush, whom they hoped to ship to the Cards for third baseman Ken Boyer.

"Lane offered us Alvin Dark instead," said Bava, "so we decided to drop negotiations. Dark is still a good ball player but he's not the man we need."

Bullets Drop Fourth Straight To Bisons 79-61; Frosh Bow; Terrors Here On Wednesday

After giving Bucknell a stiff argument in the first half, the Gettysburg College cagers could not solve the zone defense thrown up by the Bisons in the second half and went down to their fourth successive defeat at Lewisburg Saturday evening 79-61.

The Bullet freshmen opened their 18-game program by dropping the preliminary 86-68.

Bucknell grabbed an early 10-4 lead in the varsity game but the Bullets rallied through the efforts of Bob Walsack and Stan Traymore and tied the score at 10-all on Walsack's goal. The Bisons held a narrow lead until Hal Dansiz netted a pair of free throws to send Bucknell ahead 25-24. After John Strizzi made it 27-24 a three-point play by Walsack knotted the score at 27-27 but Bucknell surged back on the scoring of Mike Corrigan to lead 37-33 at half time.

Stopped By Zone
The Bison zone completely throttled the Bullet's attack in the second half as Bucknell took control of the game. Led by Corrigan, who netted seven of 10 long one-handed attempts, the Bisons pulled into a commanding lead to win handily.

Walsack and Traymore sparked the Bullets with 16 and 14 points, respectively, while Del Warfel chipped in with 10. Dansiz was the big gun for Bucknell with 20 while Corrigan added 18.

The Bucknell frosh jumped off to an early lead and pulled away near the end of the first half to lead 42-28 at half time. In the last half the Bisons continued their mastery and coasted to victory. Marty Kaye and Dick Davies landed 23 and 18 points for Gettysburg while Pete Matz looped 26 for Bucknell.

Western Maryland comes here for a game Wednesday evening at 8 o'clock. There will be no preliminary. The frosh next face the Hofstra yearlings here Saturday evening in a preliminary to the varsity affair.

(Editor's Note: This is the first of a series of articles dealing with the South Pennsylvania Conference basketball prospects.)

CARLISLE—Carlisle High School's hopes of successfully defending the Southern Pennsylvania Conference basketball crown are fairly remote as the Thundering Herd embarks on a grueling 22-game schedule.

Gone from last year's splendid championship club are Clyde Washington, All-Pennsylvania schoolboy fullback who is now attending Purdue University; Norm Neff, lowering forward who is a freshman at Pennsylvania State University; and Bob McDonnell, dependable playmaker.

Gene Evans, veteran Green and White mentor, sizes up the situation by remarking: "You can't lose to great scorers like Washington and Neff and not feel hurt. To date I have been dissatisfied with the progress of the Thundering Herd and our loss to Camp Hill in the opening game will not help us," Evans added.

Returning Vets
The backbone of this year's club will be 6-4 Lee Castles, center; Phil Graham, a regular in 1935, and little Wes James, who took over when McDonnell fractured his left wrist early in the campaign.

Johnny Green, one of the front-line reserves a year ago, will man the one guard slot, along with James while Mike Washington, a 6-3 sophomore and a brother of Clyde, will be up front with Graham.

Backing up this quartet will be Dick Eckert, a sophomore; Tommy Boye, stepson of football coach Ken Miller; Gary Knaub, a football star; Harry Julius and Bill Crum.

The American Hockey League race was a very neighborly affair today with a mere two points separating the top four teams.

Providence defeated the first-place Hershey Bears 7-4 last night to earn a tie for the top spot at 27 points. And Cleveland jumped over Buffalo into third with a 7-2 trimming of the Bisons. The Bar-

shot accidentally by a companion while hunting near Milroy, Ronald Torak, 25, Lewisburg, was wounded slightly by the same bullet.

Coroner Robert Stener said Hopple was killed when a companion's gun was accidentally discharged while they were hunting near Port Royal.

State Police said Gambler was killed by accidental discharge of a companion's gun.

The Reds captured a share of the lead with a four goal upsurge in the second period to break a 2-2 tie. Ken Davies, Zello Topuzzoli, Camille Henry and Ray Moss were responsible for the rush of goals after Ohio O'Brien had scored his second goal of the night for the Bears to knot the count.

After Buffalo had fought to a 1-1 tie on Chuck Haire's goal, Cleveland took over and Danny Polyzani led the Baron offensive with two goals.

Bronco Horvath put on a one-man show at Rochester, scoring three goals and assisting on two others.

QUARTET LEADS HOCKEY LEAGUE

By THE ASSOCIATED PRESS

The American Hockey League race was a very neighborly affair today with a mere two points separating the top four teams.

Providence defeated the first-place Hershey Bears 7-4 last night to earn a tie for the top spot at 27 points. And Cleveland jumped over Buffalo into third with a 7-2 trimming of the Bisons. The Bar-

ons have 26 points with Buffalo a point back. In another encounter, fifth-place Rochester turned back last-place Springfield 6-0.

The Reds captured a share of the lead with a four goal uprising in the second period to break a 2-2 tie. Ken Davies, Zello Toppazzini, Camille Henry and Ray Moss were responsible for the rash of goals after Obie O'Brien had scored his second goal of the night for the Bears to knot the count.

After Buffalo had fought to a 1-1 tie on Chuck Blaire's goal, Cleveland took over and Danny Poliziani led the Baron offensive with two goals.

Bronco Horvath put on a one-man show at Rochester, scoring three goals and assisting on two others.

ONE HUNDRED YEARS AGO

Gettysburg: The "Cosmopolitan Art Association" have made their announcement for the Third Year, which will be found in our advertising columns. The inducements to patronize this Association are very great, and commend it to the patronage of the public. D. McConaughy, Esq., is the Honorary Secretary for this county, and attends to the subscriptions.

An adjourned meeting of those who desire to contribute to the relief of settlers in Kansas is to be held at McConaughy's Hall this evening, at 6:12 o'clock.

Mr. Augustus Schwartz, of this place, has issued proposals for a newspaper in Littlestown, to be entitled "The Weekly Record," to be neutral in politics. He proposes commencing about the 1st of January, if sufficient encouragement is given. We wish him success; but from the frequent failures to sustain a paper there, we are fearful he will not find it a profitable concern.

On Friday night week two Germans, strangers, were crossing Monocacy Bridge, on the road leading from Greagertown to Woodsborough, and part of the flooring having been taken up for the purpose of repairing, one of them fell through the opening, a distance of 25 or 30 feet, and was instantly killed. What excusable carelessness on the part of those who left the bridge in this situation. They ought to be severely handled by the law!

Today's Talk

FACE IT

A friend of mine once said to me that first decisions were always best when something came up that had to be done, but which took courage and perhaps a little loss of personal pride. He told me that the easiest and most satisfactory plan was to face all emergencies as they came, so that there would be no "hangovers."

When something comes up that should be settled we all feel better if it can be done so at once. To face it then is far better than putting it off for a settlement later that might become serious. It's like this thing of debt. I like that saying: Pay as you go, or else don't go! What good does it do to put off something that should be settled at once?

Face it. Never allow fear to get you. Many a disease could have been cured if it had been taken in hand earlier. Many a destructive habit is allowed to go on until it becomes almost impossible to break. Face that habit — today!

A habit is never so difficult to break as one imagines it to be. Break it, and then forget about it! Never allow worry to keep you from a decision that ought to be put into action. It might humiliate you to make a quick decision, and get a serious matter out of the way, and out from all memory of it, but it will bring peace of mind and relaxation that you may not have known for a long time. So, no matter what that decision may be, face it and be your real self again!

My own experience has been that it never pays to leave any problem half attended to. Face it and finish it is better and best. No matter how unpleasant a thing may be that comes up for personal settlement, by facing it in its entirety you clean it up for all time.

Tomorrow Mr. Adams will talk on the subject: "The Joy of Freedom."

CONTENTMENT

The poorest of reasons to marry is money.

Better make sure of the sweet title, "Honey."

No fate in this life upon earth can be worse

Than to empty the heart just to fill up the purse.

It's good to be wealthy. There isn't a doubt.

Some things money buys we can do well without.

But a kiss at the door and the light of a smile.

Which the poor can enjoy, are so much more worth while.

The finest of fortunes worth earning are these:

The children at evening to climb on your knees.

A home and a garden, and rest when you're tired.

And rich is the toiler who these has acquired.

Contentment by money can never be bought.

There are needs of the soul which by love must be sought.

And rich is the man who, from cellar to dome,

Has love and contentment to gladden his home.

RED CONCEPTS

TO BE TAUGHT

IN SCHOOLS

PHILADELPHIA (AP)—The head of Pennsylvania's Public School Department said courses designed to show the dangers of Communism, philosophy will be taught in the state's schools beginning next semester.

Dr. Charles E. Boehm, superintendent of public instruction, said in a weekend interview he already had assigned two men to select material for the course.

Dr. Boehm said he decided to inaugurate the new study after the American Legion pledged its support. The Legion had until this year opposed teaching of such courses.

While teachers have been emphasizing the positive accomplishments stemming from the philosophy of democracy, Dr. Boehm said, they did not go into the basic faults of ideologies such as communism, for fear of being involved in controversy.

"High Level" The study of communism will be taught at the highest level — in the 12th grade and in some cases in the 11th the state superintendent said. While visual aids

Santa and the SECRET ROOM

By LUCRECE HUDGINS BEALE

Synopsis: Santa took us in and heard our story about the strange king and the secret room. He said we must go and see for ourselves what the king did in that room.

CHAPTER SIX

WORK IN SANTA LAND

"Yes," said Santa. "We must go and have a look at this strange secret room of the king."

"Oh, dear," cried the princess. "Whoever has gone in that room with him has never come out."

"We'll go in when he isn't there," said Santa.

Calhoun McGillicuddy jumped up from the rug where he'd been curled in front of the fire.

"This sounds dangerous. After all, I'm your errand elf. Send me in your place."

"Oh, no," said Santa. "You can't have all the fun. I like adventure, too, and this sounds like something I'd hate to miss."

McGillicuddy sighed and threw himself down again. But hardly had his head touched the rug when he popped up again and shook his finger under Santa's nose.

"You can't go! What about Christmas? Who's going to get the last toys finished and the sleigh loaded and all those things?"

"You and I are," boomed Santa. "And the princess and Alexander. And all the workers in Santa Land. We'll start in the morning and work through the day. By tomorrow midnight we'll have my bags loaded and be on our way."

"But it's not Christmas eve yet!" protested McGillicuddy.

"No matter," said Santa. "I'll have everything with me in case I decide to stay a few days with the king. Now, get to bed, one and all. And sleep tight because you don't know when you'll sleep again."

The princess didn't need Santa to tell her to sleep because during all the fuss she'd curled up on Santa's Wishing Pillow and was already having her second dream. I just snuggled down beside the princess and at once I was asleep, too.

The next thing I knew Santa was shaking us all. "Come on, time for work!"

Before Mrs. Claus would let us out of the house she made us all have cocoa and cinnamon buns. Then Santa led us to the toy shop where the Santa Land workers were hammering and sawing and sewing.

In the middle of the shop was a mountain of toys. My mouth fell open and I just stood there because I never knew there were such toys in the world.

There were little stoves with real turkeys in their tiny ovens. There were jumping jacks meant to be bounced instead of rolled.

Santa said, "Alexander, you finish the tops and the princess can finish the dolls."

He gave the princess a pot of red paint and he gave me a pot of blue. Princess Anne put a rosy splash on the cheek of every doll and I put a blue zig-zag around every musical top.

There we worked all the day until every doll and top was ready. Then we helped to load them into Santa's bags.

The elves carried the bag to Santa's sleigh and packed them in. Then they lifted the princess and me and packed us between the bags. Finally Santa climbed in and we were ready to go.

"Away, away," called Santa, cracking his whip over the eight reindeer. And away we went, singing and laughing into the sky.

But as we left Santa Land my happiness faded away. I wondered what was ahead of us in the secret room of the king.

Last Thursday, Dr. Boehm said, he met in Harrisburg with Legion Commander Joseph Gaveonius, and was promised the Legion would give its full and active support to the teaching of any course depicting communism as a threat to the state.

CHAMBERLAIN

HAS 91 POINTS

IN TWO GAMES

By DON WEISS

The Associated Press

It looks as if those San Francisco Dons had better push that winning streak for all they're worth. With the Silt and his Kansas company seem determined to establish a similar run through the college basketball world.

Will Chamberlain, probably one of the most sought after high school players in athletic annals, has been in two varsity games for the Jayhawks. And it becomes more and more evident why Phog Allen was so reluctant to accept mandatory retirement at Kansas.

In beating Northwestern 87-69 and Marquette 78-61, Chamberlain has scored 91 points and, just as important, has been getting points at a 3-1 ratio over his opposing center, indicating he has more than a passing knowledge of defense.

The big sophomore will get his first road test this week. Coach Dick Harp takes the Jayhawks to the West Coast for games with the Washington Huskies Friday and Saturday and with California Dec. 18.

Elsewhere in college basketball, with few exceptions, the early weeks of the new season have indicated the old refrain of "next verse, same as the first."

The Dons, still winning but not with the ease when Bill Russell and K. C. Jones were around, spilled Seattle Saturday night 57-52 to run their all-time streak to 59.

Three In A Row "Bama, a 103-88 victor over Eastern Kentucky Saturday, has topped the century mark in each of its three games, led by a sharpshooter named Jack Kubiszyk. Jack had 35 Saturday.

Kentucky made it three in a row, 73-58 over Temple, as did SMU, which defeated Minnesota 91-84. A 68-58 decision over Oklahoma at Norman made it two straight for Illinois, and North Carolina State is 3-0 with its 66-60 decision over Penn State.

It was left to a couple of Eastern teams to furnish the major eye-openers in the weekend program.

Seton Hall Loses Niagara stopped a touted Seton Hall club 83-63, and Canisius stopped Louisville's three-game streak 76-74.

Louisville, Iowa and Dayton are the only teams from last season's final top 10 to stumble so far.

Prof Recalls Ike's Memory For Names

STATEN ISLAND, N. Y. (AP)—Professor Willis H. Homan of Wagner College here likes to talk about President Eisenhower's phenomenal memory for names.

Homan, head of the department of Greek and Latin, served as Lutheran chaplain at Camp Coll. Gettysburg, Pa., during World War I. Eisenhower, then a major, was stationed at the same base.

I admired him because he made a point of learning the names of every man he spoke to," recalls the professor.

BROWNS BATTER GIANTS WHILE REDSKINS WIN

By JIM KENSIL

The Associated Press

This is one year—the only one in the last seven—that the Cleveland Browns won't have the final say-so about the championship of the National Football League's Eastern Conference, but yesterday they got in their two cents' worth.

The six-time champions of the conference have been beaten and battered this 1956 season like never before. Yesterday, however, they battered the New York Giants 24-7. Tommy O'Connell and Curly Morrison did most of the hacking.

Now the Giants have to win or tie their finale in Philadelphia Saturday to capture their first division championship in 10 years. If they lose, the Washington Redskins, 19-17 last-minute victors over the Eagles yesterday, could grab the prize with victories in both their remaining games.

Showdown Next Sunday The Chicago Bears and Detroit Lions meet in the Western Conference showdown next Sunday at Beartown. This was set up when the Bears grabbed a desperate 10-3 victory over the rival Chicago Cardinals and held onto second place while the Lions were breathing easy in a 45-7 Briggs Stadium romp over Pittsburgh.

All other teams in both conferences are eliminated. The Far West teams came through with triumphs in other weekend games. The Los Angeles Rams stopped the Baltimore Colts 31-7 and the San Francisco 49ers defeated Green Bay 38-20.

His 16th Field Goal The Browns-Giant game ended before the tils in Chicago and Washington and since the Eagles led up until the last 25 seconds, it was thought that the Giants had backed into the pennant.

But Washington's kicking dynamo, Sam Baker, made sure the Browns' superb effort was not in vain. With 25 seconds on the clock and second down on the Eagle 21, he calmly kicked his 16th field goal of the season. The Redskins had rallied from a 10-3 first half deficit to 17-16 in the final quarter.

The Lions led reserves play the second half against the Steelers. Six Pittsburgh mistakes — three fumbles and three pass interceptions — in the first half ended up in Lion Tids. Yale Larry went 73 yards with a pass interception and Jack Christiansen 66 with a punt return.

Ashenfelter Wins 2nd AAU Crown

PHILADELPHIA (AP)—Horace Ashenfelter, recently returned from Australia and a futile attempt at defending his Olympic steeplechase title, yesterday won his second consecutive senior national AAU cross country championship.

Ashenfelter, an FBI agent from Newark, N.J., covered a 10,000 meter course in rain-swept Fairmount Park in the good time of 30 minutes and 8 seconds. Seventeen seconds behind him in second place was John Macy of the Houston Track and Field Club.

Ashenfelter, a former Penn State star, ran in the colors of the New York Athletic Club yesterday. The New York AC won the team championship with 46 points. The Chicago club was second with 46 and third place was won by the Penn AC A team, of Philadelphia, with 68 points.

RUTHLESSNESS BY RUSSIA IS CITED BY IKE

By MARVIN L. ARROWSMITH
AUGUSTA, Ga. (AP) — President Eisenhower called on free people everywhere today — Human Rights Day — to take fresh note of Russian ruthlessness and never forget "what tyranny has done to our fellow man in Hungary."

Soviet brutality there is cause for "worldwide mourning," for reactions of "horror and revulsion," the President said. He added that it almost completely repudiates the United Nations human rights declaration.

Noting this is the eighth anniversary of the declaration's adoption by the U.N. General Assembly, Eisenhower said in a statement put out at his vacation headquarters at Augusta last night:

Little Cause To Celebrate
"This year the free world has the most compelling reasons for observing human rights day with renewed awareness and resolution, but it has little cause to 'celebrate' that day.

"The recent outbreak of brutality in Hungary has moved free peoples everywhere to reactions of horror and revulsion. Our hearts are filled with sorrow. Our deepest sympathy goes out to the victims of the Soviet oppression.

In observance of the day, there were plans for midday tolling of church bells all over America — and for prayers for the victims of Soviet oppression.

Cites 'Denials'
"The terror imposed upon Hungary," Eisenhower said in his statement, "repudiates and negates almost every article in the declaration of human rights."

The President said of the Russian terrorism:

MAKE ARREST IN OXFORD MURDER

ALBANY, N. Y. (AP) — Alfred Roger, 45, arrested last night, is being returned to Oxford, Pa., where he faces prosecution on a murder charge.

Agents of the Federal Bureau of Investigation picked up Roger in a downtown restaurant on a charge of unlawful flight from Pennsylvania to escape prosecution. The FBI office in Philadelphia said that Roger was wanted in the stabbing of James Crawford, identified as a migrant worker from Baltimore.

The FBI said that Crawford apparently had been pushed from an automobile into the path of a truck after being stabbed. Albany agents quoted Roger as saying he had worked on a nearby farm the last two months.

SAYS HERTER IS PINPOINTED AS 1960 CANDIDATE

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Gov. Christian A. Herter handled himself just right to become secretary of state and, if the Republicans want him, their presidential candidate in 1960.

It seems unlikely, if only because of age and health, that Secretary of State Dulles will stay, or want to stay, for the next four years of President Eisenhower's second term.

Dulles, almost 69, is the oldest man in Eisenhower's Cabinet. He has just recovered from an operation for removal of a cancerous section of intestine. His first four years as secretary were rough. World conditions are getting even rougher.

And Eisenhower on Saturday put Herter in the perfect spot to succeed Dulles.

Named Undersecretary
Eisenhower named the Massachusetts governor undersecretary of state — the State Department's No. 2 position — in place of Herbert Hoover Jr., who resigned and will leave office around Feb. 1.

Herter is one of the most respected Republican politicians and fits into what Eisenhower likes to call his "new Republicanism."

He had worked for the State after World War I. But his stature and views on foreign policy were established when he served in the House of Representatives and on its foreign affairs committee before becoming governor.

Eisenhower now could hardly slight Herter—after honoring him with this appointment—by leaving him in the No. 2 spot and naming someone else as secretary if Dulles steps aside.

Good Preparation
Whatever time Herter spends as undersecretary will be perfect preparation for the job as secretary.

If Eisenhower wants broad new policies in foreign affairs he may want Dulles out.

Dulles has been criticized for his handling of foreign affairs, particularly in the case of Egyptian President Nasser. However, he can claim he was not directly to blame for what followed: Nasser's seizure of the Suez Canal, the subsequent British-French attack on Egypt and the split between the United States and its British and French allies.

Herter was largely unknown to the public outside Massachusetts until this past summer when Harold Stassen, one of Eisenhower's aides, urged Republicans to dump Richard Nixon and make Herter

ald in 1922 and became the third publisher of the morning newspaper. It has been published for 91 years.

In 1947, the Pennsylvania Newspaper Publishers Assn. presented its annual award to Stevenson for long and meritorious service. He was a life-long member of the Republican party and an active supporter.

Herter will be 65 in 1960. He may have no presidential desires. But if he did well as secretary, and if opposition to Nixon grew, Herter would be in a fine spot to be picked as a compromise candidate.

Nixon in these next four years may so conduct himself that he can have the Republican presidential nomination without trouble, although other Republicans have presidential ambitions.

WON'T CANCEL INTEREST OWED BY BRITISHERS

By JACK BELL
WASHINGTON (AP) — Sen. Byrd (D-Va.) said today he will support emergency postponement — but not outright cancellation — of interest payments Great Britain owes to the United States.

Byrd, who heads the Senate Finance Committee, said he is willing to help the British in the financial crisis brought about by the Suez Canal military venture.

"But I am opposed to cancellation of interest payments or any waiving of principal payments on money the British owe us," he said in an interview.

"We've Given Billions"
"We have poured billions of dollars in gifts into Europe. We have given billions to Britain. They ought to stand by their agreement on loans. A contract is a contract and it should be fulfilled."

Byrd said he would be willing to agree to a postponement of the nearly \$2-billion-dollar interest payment due Dec. 31 on Britain's postwar loan of 3½ billion dollars from this country and on the 600 million dollars agreed upon in settlement of her lend-

lease account.

The Eisenhower administration has indicated it will put the matter up to Congress.

Opposes Further Aid
Byrd said he was glad to see that Secretary of the Treasury Humphrey had publicly discounted reports there might be in the making a new program of economic aid for Europe patterned after the Marshall Plan.

"I am opposed to any further continuation of foreign economic aid," Byrd said. "I will support a reasonable amount of military aid to our allies but I think the time has passed when economic assistance is necessary."

Dulles also said the United States "stands ready to help" West Europe find ways to maintain their economies despite the cutback in the oil supply from the Middle East. Lloyd, particularly, is seeking the fullest possible American support for Britain in meeting the grave economic crisis she faces as a result of the Suez action.

One of Pineau's main tasks is to seek an early meeting of President Eisenhower, Prime Minister Eden and French Premier Mollet to carry on the fence-mending. Mollet, in a television interview

filmed for America, said yesterday he would seek such a meeting "as soon as there might be results."

Want U.S. Support
Both Lloyd and Pineau also want full and unswerving American support for a settlement of the Suez Canal dispute guaranteeing speedy clearance of the blocked waterway and that Egypt cannot interfere with its future operation.

Another preliminary to the NATO sessions was a meeting today of the Ministerial Council of the seven-nation Western European Union at which Britain was expected to demand that West Germany pay more toward the defense of Europe or risk a reduction of British forces on the Continent.

SISTERS' 125TH ANNIVERSARY TO BE CELEBRATED

Twenty-five thousand Sisters of Mercy will celebrate the 125th anniversary of their Order on Wednesday, Dec. 13, 1956, throughout the world. In the 1,500 convents, throughout the world, the Sisters will participate in a day of jubilation. In the United States alone, the 861 convents will have celebrations, with holy mass and a program in memory of their foundress, Mother Mary Catherine McAuley, an Irish heiress of Dublin, Ireland.

In St. Aloysius Parish, the pastor, the Rev. William A. Boyle, will celebrate a high mass at 7:30 a. m., to which the parishioners are invited. The school children will sing the Mass of the Angels. At 10:30 a. m., a brief program will be presented by the children in the school auditorium, consisting of a short account of the Mercy Order in the United States.

The first foundation in America was begun by Mother Frances Ward, a close friend of Mother Catherine McAuley's, with six nuns from Ireland. They came to New York, and opened the first Mercy convent in the United States. On December 12, 1831, the Sisters of Mercy attended their first Mass in Sacred Heart

Convent, Houston Street, New York. After a brief stay in New York, they crossed the Allegheny Mountains and went to Pittsburgh and Chicago; from Chicago, four nuns came to Harrisburg in 1869.

Letter For Refugees

The Sisters of Mercy now conduct colleges, high schools, elementary schools, catechetical schools, Christian doctrine vocation schools, homes for the aged, hospitals and sanitariums, a leprosy, residences for working girls, child caring homes, day nurseries and foreign missions, a few of which will be sketched during the program on Wednesday morning in the St. Aloysius parish hall.

Father Boyle announced at the morning masses on Sunday that the net profit from the three-day Thanksgiving bazaar held by the parish, totaled \$1,910.60. A letter of appeal for monetary relief for the Hungarian refugees was read and the pastor stated that a special collection for this purpose will be received at the morning masses on Sunday, December 16.

To Give Instruction The pledge to the Legion of Decency and to the League for Clean Reading was taken at the morning masses, according to the annual custom on the Sunday following the Feast of the Immaculate Conception of the Blessed Virgin Mary.

The refreshment committee for the Saturday night party in the parish hall consists of Mrs. Clyde H. Rohrbach, Mrs. Paul Bunty, Mrs. George Worley, Mrs. William Pfaff, Mrs. Bernard Stuller and Margaret Smith. Arrangements will be held in

Howard Koons, delivered the message. The anthem "More Love to Thee," Rob Roy Peery, was sung by the choir. The flowers were placed by the Altar Guild. The bulletins were presented by Edwin A. Sell in honor of his wife, Mrs. Claire Martha (Kastendieck) Sell, who last Sunday was received into the Christ Church membership by letter of transfer from St. Matthew's Lutheran Church, Jersey City, N. SEEK TWO AFTER N. J. JAIL BREAK SATURDAY NIGHT

BRIDGEPORT, N. J., Dec. 9. — Police along the Eastern seaboard today hunted a convicted murderer and another man charged with murder following the escape of four prisoners from the Cumberland County jail.

Two of the escapees were back in custody before the day was out after the four squeezed through an 8-by-12-inch hole in the jail roof yesterday.

Sheriff William P. Riegan said officials "are all wondering" how the four managed to get through the tiny opening. The men weighed up to 170 pounds, he said, and may have used hair pomade to grease their bodies so they could slide through the hole.

13-State Alarm Out

One of the prisoners later surrendered to Philadelphia police and another was arrested in northern Virginia in a stolen car. A 13-state alarm was still out today for:

Clearthor Rainey, 18, of 118 Mt. St., Bridgeport, originally of Norfolk, Va. He was convicted last Thursday of second degree murder in the killing of a Carmel, N. J., tavern owner on June 10.

Alozo Walker Sr., 50, of 1617 N. 10th St., Philadelphia, who was awaiting trial on a charge of murdering a 30-year-old Philadelphia woman in Bridgeport on Sept. 9.

Smuggled Saw Blade

According to police, a hacksaw blade apparently was smuggled in and the four used it to cut the hole in the steel ceiling of their maximum security cell on the third floor of the county courthouse.

The prisoners then slid through the hole to a ventilator in the attic, slipped down a line of five blankets tied together, reached the first floor visitors' room, and jumped to a walk.

Their prison garb was found in the attic where police said the escapees apparently changed clothes.

Nabbed In Stolen Car

A car was stolen in nearby Deerfield soon after the break and one of the prisoners—Leroy Norton, 38, of Meadow Creek, Tenn.—was arrested later near Triangle.

top of the car. While Hornbaker drove, the car's other two occupants held the struts of the plane so it wouldn't slip off. Gently, Hornbaker applied the brakes and stopped.

"He's some guy," said Rooks of Hornbaker. "I'm just glad he thought of it."

DAMAGED PLANE LANDS WITH ONE WING ATOP AUTO

NORFOLK, Va. (AP) — After it was over, weekend pilot Manning Rooks could "hardly believe it happened." And no wonder.

Caught aloft in a light plane with a damaged landing gear, Rooks had just brought his craft safely to earth by landing it with one wing atop a moving automobile.

It wasn't a lucky accident. It was planned that way, not by Rooks but by veteran flier Ed Hornbaker, from whose company Rooks had rented the plane.

Rooks, who has 10 hours of flying time, had taken off from Municipal Airport for a routine spin yesterday when the airport control tower radioed that his right landing gear was "dangling useless under the plane."

"Looked Bad"
The crash crew at the airport was alerted and Rooks, 150 feet above, figured things "looked bad." He'd never made a crash landing.

On the ground, Hornbaker had an idea. Climbing into a hard top sedan with two other men, he drove out on the field.

The CAA told Rooks that Hornbaker would try to make the car act as wheels for the plane if Rooks could land with one wing on top of the auto.

Gauges Speed
Rooks made several passes at the runway to gauge speed and distance. On the fourth pass, he set the plane's left wheels on the runway and the right wing on

SEEK TWO AFTER N. J. JAIL BREAK SATURDAY NIGHT

BRIDGETON, N.J. (AP) — Police along the Eastern seaboard today hunted a convicted murderer and another man charged with murder following the escape of four prisoners from the Cumberland County jail.

Two of the escapees were back in custody before the day was out after the four squeezed through an 8-by-12-inch hole in the jail roof yesterday.

Sheriff William P. Riggan said officials "are all wondering" how the foursome managed to get through the tiny opening. The men weighed up to 170 pounds, he said, and may have used hair pomade to grease their bodies so they could slide through the hole.

13-State Alarm Out
One of the prisoners later surrendered to Philadelphia police and another was arrested in northern Virginia in a stolen car.

A 13-state alarm was still out today for:
Clearthor Rainey, 18, of 118 Mill St., Bridgeton, originally of Norfolk, Va. He was convicted last Thursday of second degree murder in the killing of a Carmel, N.J., tavern owner on June 10.

Alonso Walker Sr., 50, of 1617 N. 16th St., Philadelphia, who was awaiting trial on a charge of murdering a 30-year-old Philadelphia woman in Bridgeton on Sept. 9.

Smuggled Saw Blade
According to police, a hacksaw blade apparently was smuggled in and the four used it to cut the hole in the steel ceiling of their maximum security cell on the third floor of the county courthouse.

The prisoners then slid through the hole to a ventilator in the attic, slipped down a line of five blankets tied together, reached the first floor visitors' room, and jumped to a walk.

Their prison garb was found in the attic where police said the escapees apparently changed clothes.

Nabbed In Stolen Car

A car was stolen in nearby Deerfield soon after the break and one of the prisoners—Leroy Norton, 38, of Meadow Creek, Tenn.—was arrested later near Triangle.

top of the car. While Hornbaker drove, the car's other two occupants held the struts of the plane so it wouldn't slip off. Gently, Hornbaker applied the brakes and stopped.

"He's some guy," said Rooks of Hornbaker. "I'm just glad he thought of it."

Va., in the auto.

Norton, alone and unarmed, was captured without resistance and lodged in William County jail at Manassas, Va. He was awaiting sentencing here after pleading guilty to a charge of reckless killing with an auto.

The other member of the group—Joseph Little, 28, of Philadelphia—walked into a police station in that city. Police quoted him as saying his cellmates forced him to flee rather than stay behind.

Little, who was to get a hearing in Philadelphia today, was awaiting trial here on an armed holdup charge in connection with a \$3,500

liquor store robbery.

Discovered Sunday
Rainey, Walker and Little are Negroes. Norton is white.

Prison authorities said the escape took place between 10 p.m. Saturday and 7:30 a.m. Sunday. It was discovered by a day guard during a routine check.

County detectives and state police threw up road blocks and launched a manhunt in the area. Prison officials stopped all persons coming for regular Sunday visits.

There were 128 inmates in the jail at the time.

Virginia authorities said Norton

told them the prisoners fled with six pistols and a machine gun smuggled into the jail. Sheriff Riggan here said he doubts the story.

FIVE KILLED IN PENNSYLVANIA OVER WEEKEND

HARRISBURG (AP) — Auto accidents took the lives of five persons in central Pennsylvania over the weekend as freezing rain and snow made driving hazardous.

State and local police identified the victims as Jack Warfel, 30, Millersburg; Noah D. Kauffman, 65, Glen Rock; Eugene Flemming, 57, York; Henry W. Coles, 34, Williamsport; and Thelma Mabius, 49, of Bloomsburg, R. 2.

Warfel was killed when his car and another collided Saturday night on Route 14 near Lykens. Injured in the crash and in unsatisfactory condition at Harrisburg's Polyclinic Hospital was Warfel's wife, Aila, 27, Gary Martz, 20, Millersburg, driver of the other car, was treated at the hospital for lacerations.

Kauffman was fatally injured Saturday afternoon when his car ran off Route 616 a mile south of York and crashed into a cement block wall.

Flemming was killed early Sunday morning when he was struck by an auto on U. S. 30 a mile east of York as he walked along the highway.

Coles was killed when his car was hit by a Pennsylvania Railroad freight train Sunday at a rural crossing three miles south of Williamsport.

Miss Mabius died and three other persons were injured when two cars collided on a slippery portion of Route 112 in Point Twp., Northumberland County. Albert Shaffer, 52, also of Bloomsburg, driver of

Baptist Church Is Destroyed By Fire

SCRANTON, Pa. (AP) — Fire that was discovered shortly before services were to begin yesterday destroyed the 92-year-old First Welsh Baptist Church.

The blaze broke out in the basement and quickly spread to other sections of the church, causing a general alarm that brought out more than 60 firemen, three of whom suffered slight injuries.

The Rev. Dr. Gwilym J. Morgan, pastor, estimated damage at \$200,000. The church was unoccupied when the fire was first noticed by a neighbor.

The church was unique in that all its services were conducted in the Welsh language.

23 REBELS ARE KILLED IN CUBA

HAVANA (AP) — The Cuban general staff claimed troops and Marines killed 23 rebels yesterday in the mountains of southeast Cuba and took 32 prisoners near the U. S. naval base at Guantanamo.

Government losses were put at three dead and numerous wounded.

The army said a band of rebels led by former student leader Fidel Castro Ruz was still at large in the mountains but that a determined drive was under way to encircle it.

The latest small-scale revolt against President Batista's regime began with civilian attacks Nov. 30 in Santiago de Cuba, the nation's second largest city.

Those rebels were quickly over-

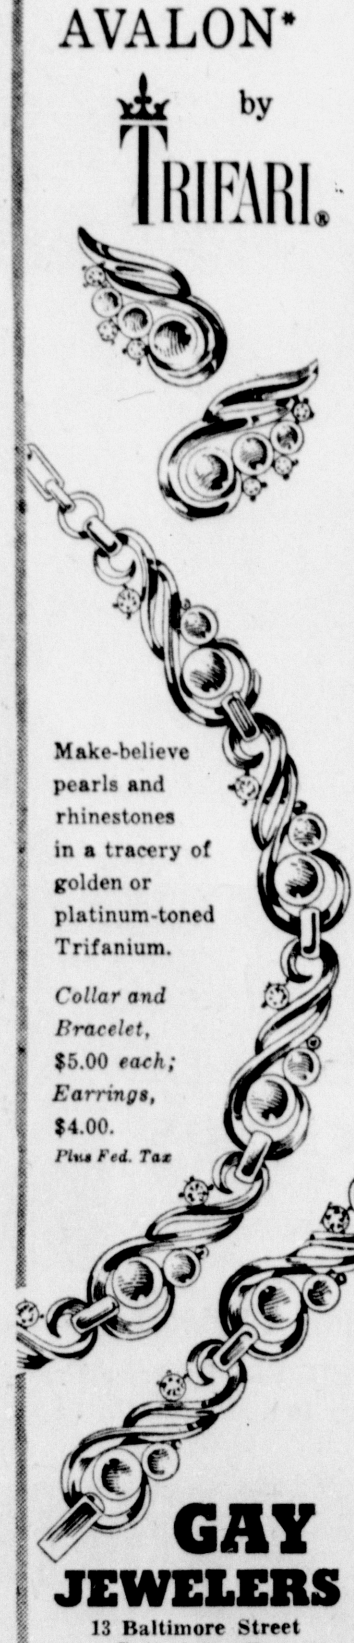

the auto in which Miss Mabius was riding, was injured seriously. The two occupants of the other auto were treated at Geisinger Memorial Hospital, Danville, and released.

USAF STUDYING PLANS FOR HUGE NEW TRANSPORT

By VERN HAUGHLAND
ARDMORE AIR FORCE BASE, Okla. — The Air Force has received the first of 10 huge new transport planes capable of carrying 400 troops each, and is studying — with some doubts and reservations — plans for an aerial monster twice as big, designed to carry 800 persons.

This was disclosed here as the Air Force received its first jet-and-propeller transport, the Lockheed C130 Hercules, a plane of comparatively modest size.

Powered by four Allison T56 jet engines harnessed to propellers, the C130 will carry up to 92 infantry troops — more than twice as many as the Fairchild C119 Flying Boxcar, which the C130 will replace. The C130 also will fly about twice as fast as the C119 or, for that matter, as the 200-passenger capacity C124, now the world's largest operational transport.

Twice As Much Work
An Air Force crew flew the C130 here from the Lockheed plant at Marietta, Ga., yesterday. Robert E. Gross of Burbank, Calif., Lockheed board chairman, formally presented the Hercules to Gen. O. P. Weyland, commander of the Tactical Air Command, at an airfield ceremony and air show witnessed by a Sunday afternoon crowd of more than 5,000.

Weyland told a news conference that the new Lockheed transport would do twice as much work, unit per unit, as the C119 which it replaces. He said the Hercules would supplement the much larger, heavier C124 Globemaster until the latter, in turn, is replaced by the propeller-jet Douglas C133.

Weyland said Batista's forces have been trying to round up a group of about 80 revolutionaries who were landed from the sea a week ago, reportedly under Fidel Castro's leadership. He has been in exile in Mexico.

A TAC spokesman said the C133 is twice the size of the double-deck C124 and will carry 400 passengers. He said the first of the 10 on order currently is being tested at Elgin Air Force Base, Fla.

The spokesman added that Douglas has in the design stage an even larger plane, the C132, which would carry up to 800 troops.

HERTER RETURNS TO BOSTON HOME

BOSTON (AP) — Gov. Christian A. Herter returned home from Washington last night to complete his term as governor before taking up his new job of undersecretary of state next month.

The governor has been in Washington, where President Eisenhower nominated him for the No. 2 spot in the State Department to replace Herbert Hoover Jr., who is resigning to return to his private engineering practice.

Herter refused to discuss foreign affairs or the policies he plans to pursue as undersecretary of state.

He told reporters: "I do not think it proper for me to comment on the job until I have been sworn in."

Herter said he will take a short vacation when his term as governor expires Jan. 3 and then will work with Hoover for two weeks before assuming the post himself. Hoover is scheduled to step down about Feb. 1.

Factional Leaders In GOP Fight

NEW YORK (AP) — Witnesses to a fracas between Austin Meehan, former Philadelphia sheriff, and Henry W. Lark, Northumberland County, Pa., Republican chairman, say Lark was knocked to the floor.

Meehan said of the fight Saturday night in a hotel corridor that Lark "insulted me and I hit him a couple of times." Lark returned a punch or two before hitting the floor, the witnesses said.

The two men, here for the annual Pennsylvania society dinner, have been associated with opposing factions of the Pennsylvania GOP.

Lark was unavailable for comment.

SIX NURSES ARE KILLED IN SUNDAY CRASH

PATTERSON, N.Y. (AP) — Six young student nurses were killed last night when their car skidded out of control and smashed into a milk tank truck. The truck driver escaped injury.

The nurses, aged 19 and 20, were bound for the Harlem Valley State (Mental) Hospital at Windale, N.Y., near this Putnam County community, when their auto crashed on Route 22.

They were senior students at St. Mary's Hospital in Brooklyn, N.Y., and were en route to begin the third week of a 12-week training course in psychiatric nursing.

Auto Is Wrecked
The force of the crash, state police said, reduced the nurses' vehicle to a mass of tangled wreckage. Five died at the scene; the sixth en route to a hospital.

Witnesses said the weather was clear although it had snowed earlier.

Frank Bollin of Poughkeepsie, N.Y., the truck driver, told authorities the nurses' car skidded out of control and veered toward his truck. He turned his vehicle up an embankment but the car smashed into the trailer.

Dr. Leo P. O'Donnell, director at Windale Hospital, identified the victims as:

Consuelo Byrne, 20, of Staten Island; Sheila Roche, 19, Bladell, N. Y.; and Eileen Davis, 20, Anne Callaghan, 20, Martha Santomenna, 20, and Maxine Singleton, 19, all of Brooklyn.

Miss Roche died en route to the Danbury (Conn.) Hospital.

Charges Waste In Leader's Program

HARRISBURG (AP) — A Republican legislative spokesman contends Gov. Leader is showing "waste and extravagance" in proposing an on-the-job training program for state employees.

Republican House Floor Leader Johnson said in a weekend statement the administration has hired "thousands" of persons "who have neither the training nor the experience to do the work that they have been employed to do."

Last week the governor announced a plan to train state employees on the job to begin "soon after Jan. 1."

"For the past two years, experience and qualified employees have been dismissed from state employment for the sole reason that they were Republicans. Taxpayers are footing the bill in poor service and incompetent work," Johnson said.

19 DIES ON ROADS

Nineteen persons lost their lives on Pennsylvania highways during the weekend and six were killed in other mishaps.

It was the state's highest toll since the week end of Oct. 20-21. Twenty-seven persons met accidental death then.

The non-automobile deaths were: 3 while deer hunting, 1 in a fall, 2 in fires.

DEATHS

By THE ASSOCIATED PRESS
LONDON (AP) — Princess Marie Louise, 84, granddaughter of Queen Victoria and oldest member of Britain's royal family, died Friday night.

BRIGHTWATERS, N.Y. (AP) — Fred L. Packer, 70, Pulitzer Prize-winning New York Daily Mirror editorial cartoonist who joined the Mirror in 1933 after a cartooning career on San Francisco and Los Angeles newspapers, died Saturday.

NEW YORK (AP) — Geoffrey Parsons, 77, chief editorial writer on the New York Herald Tribune from 1924 to 1952 and winner of the Pulitzer Prize for editorial writing in 1942, died Saturday. He was born in New York City.

NEW YORK (AP) — Lou Handman, 62, a former professional singer included "Puddin' Head Jones" and "My Sweetie Went Away," died yesterday.

PITTSBURGH (AP) — Julian C. Staples, 61, executive vice president of Pittsburgh Corning Corp., died yesterday. He was born in Richmond, Va.

The hours between 2 and 4 p.m. on Saturdays are the most dangerous period for accidents on farms, a recent Pennsylvania survey shows. Teen-age boys are most likely to have accidents in their hasty efforts to finish in time for Saturday night dates.

Rockets were used by the British fleet in 1814 in the attack on Baltimore. Hence the line "the rockets' red glare" in "The Star Spangled Banner."

MAHANY WILL ASK FOR PROBE OF LAND LEASES

By LEONARD A. UNGER
HARRISBURG (AP) — Senate Republican Floor Leader Mahany (R-Crawford) said today he would ask the Pennsylvania Legislature to investigate real estate leases issued by the Democratic state administration.

"I understand that some of these leases were changed for political purposes," he told a newsman. "The state lost money in order to give some 'deserving' Democrat this patronage."

Mahany made the state after attending the Pennsylvania Society Dinner in New York Saturday night. Some 1,500 Pennsylvanians and New Yorkers with Pennsylvania connections attended the affair.

Secretary of the Treasury Humphrey received the society's gold medal at the 58th annual dinner. He said he regarded any new Marshall plan aid for Europe as unlikely as a result of the Suez crisis.

Could Do Job
His position was that existing institutions could do the job. Secretary of Commerce Weeks, another member of President Eisenhower's Cabinet, delivered the principal address and urged American business to be on the lookout against inflationary factors in their operations.

Mahany declined to go into details on the real estate leases on the basis that he didn't want to tip his hand to the Department of Property and Supplies which handles negotiations for leases to house state agencies.

The only specific reference Mahany would make was to a lease he said was negotiated for a Department of Labor and Industry office in Johnstown.

Asks Support
In another development at the New York gathering, G. Mason Owlett, former Republican national committeeman, called on the Legislature to support Gov. Leader's proposal for a 43 million dollar tax break to Pennsylvania

manufacturers. Owlett, head of the Pennsylvania Manufacturers' Assn., gave his support to the plan to restore the exemption of state manufacturers from the five-mill capital stock tax.

The 1955-56 legislature, at Owlett's request, wrote a Jan. 1, 1956, effective date for the exemption but similar efforts in the past have resulted in postponement.

Owlett said the state budget could be balanced by keeping the sales tax at three per cent and clearing what he termed the "excess load" from the state payroll.

Keep Tax
He said the five-cents a pack cigarette tax should be kept at that rate to yield 21 million dollars. The levy was jumped a cent in 1955 with the proceeds, earmarked for flood emergency relief. Unless re-enacted, it will automatically fall back to four cents a pack next June 1.

The absence of Republican State Chairman George I. Bloom left unsettled what Republicans plan to do about the leadership of the State Senate. Bloom's mother died last Wednesday.

There was some discussion of the situation in New York—with Owlett declaring that he favored Sen. Berger (R-Potter) for Senate floor leader.

Seeks Leadership
Mahany is seeking to retain the floor leadership with the backing of Sen. Taylor, newly elected Senate president pro tempore.

Bloom is expected to call another caucus the week of Dec. 17 to reach a showdown on the question.

Owlett said he was sorry his longtime political foe, U. S. Sen. Duff, was defeated for re-election. But he added:

"Anybody else on that ticket—unless they had a terrible lot of enemies—would have won."

SHARON, Pa. (AP) — Claude Benjamin Lantz, 68, co-publisher and vice president of the Sharon Herald, died yesterday at Sharon General Hospital.

He was stricken at work last Tuesday with inflammation of the intestines. Funeral services will be held tomorrow.

A native of Columbia, Pa., Lantz worked on newspapers in York, Lewisburg and Johnstown before moving to Sharon in 1909.

Two Motorists Hurt In New Oxford Crash

Two motorists were injured about 1 a.m. Saturday when their cars crashed on the Lincoln Highway, just west of New Oxford.

State police said Jack R. Andrews, 24, of Gettysburg R. 4, was admitted to Hanover Hospital with severe cuts and bruises, while P. A. Hummelbaugh, 56, of 5 Buford Ave., was released after treatment for cuts.

The troopers said Hummelbaugh's auto, traveling west, collided with Andrews' eastbound vehicle as the latter was attempting to turn left into a private driveway at the Old Mill Inn. Damage was estimated at \$800 to each car.

FIVE KILLED IN PENNSYLVANIA OVER WEEKEND

HARRISBURG (AP) — Auto accidents took the lives of five persons in central Pennsylvania over the weekend as freezing rain and snow made driving hazardous.

State and local police identified the victims as Jack Warfel, 30, Millersburg; Noah D. Kauffman, 65, Glen Rock; Eugene Flemming, 57, York; Henry W. Coles, 34, Williamsport; and Thelma Mabius, 49, of Bloomsburg R. 2.

Warfel was killed when his car and another collided Saturday night on Route 14 near Lykens. Injured in the crash and in unsatisfactory condition at Harrisburg's Polyclinic Hospital was Warfel's wife, Arla, 27. Gary Martz, 20, Millersburg, driver of the other car, was treated at the hospital for lacerations.

Crashes Into Wall
Kauffman was fatally injured Saturday afternoon when his car ran off Route 616 a mile south of York and crashed into a cement block wall.

Flemming was killed early Sunday morning when he was struck by an auto on U. S. 30 a mile east of York as he walked along the highway.

Coles was killed when his car was hit by a Pennsylvania Railroad freight train Sunday at a rural crossing three miles south of Williamsport.

Miss Mabius died and three other persons were injured when two cars collided on a slippery portion of Route 112 in Point Twp., Northumberland County. Albert Shaffer, 52, also of Bloomsburg, driver of

Baptist Church Is Destroyed By Fire

SCRANTON, Pa. (AP) — Fire that was discovered shortly before services were to begin yesterday destroyed the 92-year-old First Welsh Baptist Church.

The blaze broke out in the basement and quickly spread to other sections of the church, causing a general alarm that brought out more than 60 firemen, three of whom suffered slight injuries.

The Rev. Dr. Gwilym J. Morgan, pastor, estimated damage at \$200,000. The church was unoccupied when the fire was first noticed by a neighbor.

The church was unique in that all its services were conducted in the Welsh language.

23 REBELS ARE KILLED IN CUBA

HAVANA (AP) — The Cuban general staff claimed troops and Marines killed 23 rebels yesterday in the mountains of southeast Cuba and took 32 prisoners near the U. S. naval base at Guantanamo.

Government losses were put at three dead and numerous wounded. The army said a band of rebels led by former student leader Fidel Castro Ruz was still at large in the mountains but that a determined drive was under way to encircle it.

The latest small-scale revolt against President Batista's regime began with civilian attacks Nov. 30 in Santiago de Cuba, the nation's second largest city.

Those rebels were quickly overpowered and the auto in which Miss Mabius was riding, was injured seriously. The two occupants of the other auto were treated at Gelsing Memorial Hospital, Danville, and released.

USAF STUDYING PLANS FOR HUGE NEW TRANSPORT

By VERN HAUGHLAND
ARMORE AIR FORCE BASE, Okla. (AP) — The Air Force has received the first of 10 huge new transport planes capable of carrying 400 troops each, and is studying — with some doubts and reservations — plans for an aerial monster twice as big, designed to carry 800 persons.

This was disclosed here as the Air Force received its first jet-and-propeller transport, the Lockheed C-130 Hercules, a plane of comparatively modest size.

Powered by four Allison T56 jet engines harnessed to propellers, the C-130 will carry up to 92 infantry troops — more than twice as many as the Fairchild C-119 Flying Boxcar, which the C-130 will replace. The C-130 also will fly about twice as fast as the C-119 or, for that matter, as the 200-passenger capacity C-124, now the world's largest operational transport.

Twice As Much Work
An Air Force crew flew the C-130 here from the Lockheed plant at Marietta, Ga., yesterday. Robert E. Gross of Burbank, Calif., Lockheed board chairman, formally presented the Hercules to Gen. O. P. Weyland, commander of the Tactical Air Command, at an airfield ceremony and air show witnessed by a Sunday afternoon crowd of more than 5,000.

Weyland told a news conference that the new Lockheed transport would do twice as much work, unit per unit, as the C-119 which it replaces. He said the Hercules would supplement the much larger, heavier C-124 Globemaster until the latter, in turn, is replaced by the propeller-jet Douglas C-133.

whelmed but Batista's forces have been trying to round up a group of about 80 revolutionaries who were landed from the sea a week ago, reportedly under Fidel Castro's leadership. He has been in exile in Mexico.

A TAC spokesman said the C-133 is twice the size of the double-deck C-124 and will carry 400 passengers. He said the first of the 10 on order currently is being tested at Elgin Air Force Base, Fla.

The spokesman added that Douglas has in the design stage an even larger plane, the C-132, which would carry up to 800 troops.

HERTER RETURNS TO BOSTON HOME

BOSTON (AP) — Gov. Christian A. Herter returned home from Washington last night to complete his term as governor before taking up his new job of undersecretary of state next month.

The governor has been in Washington, where President Eisenhower nominated him for the No. 2 spot in the State Department to replace Herbert Hoover Jr., who is resigning to return to his private engineering practice.

Herter refused to discuss foreign affairs or the policies he plans to pursue as undersecretary of state.

He told reporters: "I do not think it proper for me to comment on the job until I have been sworn in."

Herter said he will take a short vacation when his term as governor expires Jan. 3 and then will work with Hoover for two weeks before assuming the post himself. Hoover is scheduled to step down about Feb. 1.

Factional Leaders In GOP Fight

NEW YORK (AP) — Witnesses to a fracas between Austin Meehan, former Philadelphia sheriff, and Henry W. Lark, Northumberland County, Pa., Republican chairman, say Lark was knocked to the floor.

Meehan said of the fight Saturday night in a hotel corridor that Lark "insulted me and I hit him a couple of times." Lark returned a punch or two before hitting the floor, the witnesses said.

The two men, here for the annual Pennsylvania society dinner, have been associated with opposing factions of the Pennsylvania GOP.

Lark was unavailable for comment.

A hospital and medical clinic in Kayseri, Turkey which was established 750 years ago, in 1208, still stands.

SIX NURSES ARE KILLED IN SUNDAY CRASH

PATTERSON, N.Y. (AP) — Six young student nurses were killed last night when their car skidded out of control and smashed into a milk tank truck. The truck driver escaped injury.

The nurses, aged 19 and 20, were bound for the Harlem Valley State (Mental) Hospital at Windale, N.Y., near this Putnam County community, when their auto crashed on Route 22.

They were senior students at St. Mary's Hospital in Brooklyn, N.Y., and were en route to begin the third week of a 12-week training course in psychiatric nursing.

Auto Is Wrecked
The force of the crash, state police said, reduced the nurses' vehicle to a mass of tangled wreckage. Five died at the scene; the sixth en route to a hospital.

Witnesses said the weather was clear although it had snowed earlier.

Frank Bollin of Poughkeepsie, N.Y., the truck driver, told authorities the nurses' car skidded out of control and veered toward his truck. He turned his vehicle up an embankment but the car smashed into the trailer.

Dr. Leo P. O'Donnell, director at Windale Hospital, identified the victims as:

Consuelo Byrne, 20, of Staten Island; Sheila Roche, 19, Bladell, N. Y.; and Eileen Davis, 20, Anne Callaghan, 20, Martha Janoemman, 20, and Maxine Singleton, 19, all of Brooklyn.

Miss Roche died en route to the Danbury (Conn.) Hospital.

Charges Waste In Leader's Program

HARRISBURG (AP) — A Republican legislative spokesman contends Gov. Leader is showing "waste and extravagance" in proposing an on-the-job training program for state employees.

Republican House Floor Leader Johnson said in a weekend statement the administration has hired "thousands" of persons "who have neither the training nor the experience to do the work that they have been employed to do."

Last week the governor announced a plan to train state employees on the job to begin "soon after Jan. 1."

"For the past two years, experience and qualified employees have been dismissed from state employment for the sole reason that they were Republicans. Taxpayers are footing the bill in poor service and incompetent work," John said.

19 DIES ON ROADS

By THE ASSOCIATED PRESS
Nineteen persons lost their lives on Pennsylvania highways during the weekend and six were killed in other mishaps.

It was the state's highest toll since the week end of Oct. 20-21. Twenty-seven persons met accidental death then.

The non-automobile deaths were: 3 while deer hunting, 1 in a fall, 2 in fires.

DEATHS

By THE ASSOCIATED PRESS
LONDON (AP) — Princess Marie Louise, 84, granddaughter of Queen Victoria and oldest member of Britain's royal family, died Friday night.

BRIGHTWATERS, N.Y. (AP) — Fred L. Packer, 70, Pulitzer Prize-winning New York Daily Mirror editorial cartoonist who joined the Mirror in 1933 after a cartooning career on San Francisco and Los Angeles newspapers, died Saturday.

NEW YORK (AP) — Geoffrey Parsons, 77, chief editorial writer on the New York Herald Tribune from 1924 to 1952 and winner of the Pulitzer Prize for editorial writing in 1942, died Saturday. He was born in New York City.

NEW YORK (AP) — Lou Handman, 62, a former professional singer, died yesterday. "Fuddin' Head Jones" and "My Sweetie Went Away" died yesterday.

PITTSBURGH (AP) — Julian C. Staples, 61, executive vice president of Pittsburgh Corning Corp., died yesterday. He was born in Richmond, Va.

The hours between 2 and 4 p.m. on Saturdays are the most dangerous period for accidents on farms, a recent Pennsylvania survey shows. Teen-age boys are most likely to have accidents in their hasty efforts to finish in time for Saturday night dates.

Fire Chases 300 At Philadelphia

PHILADELPHIA (AP) — Fire investigators today sought the cause of a blaze which drove some 300 residents from their apartments in two west Philadelphia buildings.

The fire broke out last night on the top floor of the four-story Verona Plaza apartments at 41th and Walnut Streets. Smoke swirled into the adjoining Verona apartments.

The fire wrecked the building's electrical system, and evacuation of the apartments was hampered by the lack of light.

Four alarms were sounded, bringing firemen and some 30 pieces of equipment.

There was no estimate of the damage.

Rockets were used by the British fleet in 1814 in the attack on Baltimore. Hence the line "the rockets' red glare" in "The Star Spangled Banner."

2 LOCOMOTIVES ARE REJECTED

NEW HAVEN, Conn. — A spokesman for the New Haven Railroad said yesterday the railroad will refuse to accept two locomotives for its new low-center-of-gravity train, the Dan'l Webster, unless the manufacturer can make them operate satisfactorily the next 15 days.

Said the spokesman in a statement: "The Baldwin-Lima Hamilton Corp., which owns the locomotives on the Dan'l Webster, is having mechanical difficulties with them. They are engaged now in making changes and adjustments and only when these have been made to the satisfaction of the New Haven Railroad will we accept the locomotives and place the train in service."

"The New Haven has now given the Baldwin-Lima Hamilton Corp. an additional 15 days to make the necessary changes."

The spokesman declined to discuss the nature of the difficulties he said were being encountered. About a month ago the railroad said there was difficulty operating the train on third rail power as is necessary when entering Grand Central Station in New York.

Technicians take no chances in observing radioactive uranium metal in atomic experiments. They use 20-foot tongs to lift the "hot" uranium slugs, from under water, then examine them through long periscope.

NEW HAVEN, Conn. (AP) — A spokesman for the New Haven Railroad said yesterday the railroad will refuse to accept two locomotives for its new low-center-of-gravity train, the Dan'l Webster, unless the manufacturer can make them operate satisfactorily the next 15 days.

"The Baldwin-Lima Hamilton Corp., which owns the locomotives on the Dan'l Webster, is having mechanical difficulties with them. They are engaged now in making changes and adjustments and only when these have been made to the satisfaction of the New Haven Railroad will we accept the locomotives and place the train in service."

"The New Haven has now given the Baldwin-Lima Hamilton Corp. an additional 15 days to make the necessary changes."

"The spokesman declined to discuss the nature of the difficulties he said were being encountered. About a month ago the railroad said there was difficulty operating the train on third rail power as is necessary when entering Grand Central Station in New York."

"Technicians take no chances in observing radioactive uranium metal in atomic experiments. They use 20-foot ladders to lift the "hot" uranium slugs, from under water, then examine them through long periscopes."
